ALL

BUSINESS

LEGACY

DISTRIBUTOR

*noun*

1. Business that wants to celebrate and preserve the legacy of a 99 year old company  
“Hachik has become a partner in the Heritage Pool Supply Group”
2. Family of the best independent distributors across 22 states that make up the 2nd largest distributor in the Pool & Spa Industry  
“Heritage helps unleash the full potential of family-owned/operated businesses without altering the local identity or heritage of what makes each unique business so successful.”
3. Pool & Spa Distributor that centers around the team members, customers and supplier partners.  
“Hachik looks forward to providing exceptional service to our customers and serving as a trusted partner to our suppliers with our strong Hachik family and the national strength of Heritage”

2022 brings a new chapter in Hachik's 99 year history, we are now part of the Heritage Pool Supply Group.

What does that mean for you, our friends, and customers for all these years...we are now part of the fastest growing distributor in the industry.

### ***It means..***

More Products to complete the pool – we will now have access to building and landscape products.

More Services – we will be able to offer services to help you sell more pools.

## **Our 2022 Outlook**

As we get ready for 2022 it's already looking to be another challenging season – there will continue to be product delays and shortages across all categories and multiple price increases throughout the season.

Let's focus on the good news:

- I am happy to report our 14,000 sq. ft. addition is completed and full of inventory. Remember, you can see the most up to date inventory on our DealerZone at Hachik.com.
- There are no prices in the catalog. We didn't forget them, it's simply the volatility in our industry makes prices obsolete even before the catalog is printed. Just log on to DealerZone at Hachik.com to stay current on the latest pricing. If you are interested in an updated price list, contact your salesperson.

## Features in the 2022 Catalog

- The New Products Section is the place to see the latest exciting products to help excite your consumers and create opportunities to grow your business.
- It is filled with products to fit your budget, requirements and performance needs.
- With a comprehensive line of products available, we can recommend assortments and products for your specific applications.
- We're always trying to source hard-to-find products to have what you need.
- Our Customer Service team is trained to help with technical advice, product support and are fun to work with even during these times!
- You are always able to see our inventory, latest prices and place orders 24-hours-a-day at DealerZone at Hachik.com.
- Our Next Day Delivery program helps manage your inventory and save you money. Ask your Hachik team member how you can qualify.

## “How Do I Compete with The Internet?”

To help our dealers compete, we have invested in our own brands and products to offer internet protection. Our products are of the highest quality with more features and benefits than the competition, and price points that are more competitive.

- SunGuard Pool & Spa Chemicals, Solar Covers, Winter Covers & Filter Cartridges
- AquaGuard Pool Systems, Filters, Pumps, Heat Pumps, Chlorine Feeders & Cover Pumps
- SplashPro, a complete line of Chemicals and Maintenance Equipment

Ask your Hachik team member how you can be successful selling against the internet, or just ask any of our SunGuard, AquaGuard and SplashPro dealers!

## Our 99th Year in Business

I believe that one reason Hachik has thrived over the years is because we look to the future as well as honor our past. We will continue to help our dealers grow and make their jobs easier by bringing the best products, services, technology and support. This team effort I believe is what will always set us apart from competition.

Please know that your business and your confidence in our people, products and services is genuinely appreciated by an entire organization of loyal, hard-working people that I am very proud to lead.

Get ready to help us celebrate our 100th year in 2023.

Warmest Regards,

Nanette M. Zakian

President

**Unmatched depth** of service and support for 99 years!

# It started with a drum of bleach . . . . .

## 1923 | Philadelphia

While a lot has changed in the past 98 years, our focus has remained the same.

### The way to grow our business is to help you grow yours.

That's why we offer internet protected brands, competitive pricing on thousands of top name products, extensive parts inventory and our customer support team with years of industry experience. It's no wonder that Hachik customers are among the top pool and spa dealers in the region.

Hachik President, Nanette Zakian, leads the company that her grandfather started and her father, Vahe Hachikian, expanded. She believes strongly in customer service and in embracing technology for the benefit of her dealers.

Hachik is always ready to help you get the products you need, when you need them. Experience the value, service and solutions you need.

## ■ GLB Pool Chemicals – Page 10

**GLB Supersonic** is a highly effective multi-purpose product that sanitizes, clarifies, prevents algae and shock treats your pool. It is convenient, easy to use and won't over stabilize your pool water. The fast acting formula can be used on all pool surfaces, does not contain cyanuric acid and leaves no residue.

## ■ Leisure Time Chemicals – Page 12

Leisure Time's new **Bromine Spa & Hot Tub Test Strips** help you know any chemical imbalances in your spa or hot tub water so it can be treated accordingly. These test strips tests for pH, Alkalinity, Calcium Hardness and Bromine. Each package contains 50 test strips and are quick and easy to read.

## ■ Seaklear Chemicals - Page 17

New for 2022 is the **SeaKlear Pool Opening & Winterizing Kit**. This high performance kit can be used to both open and close pools. This kit is compatible with all chlorine systems and will treat up to 20,000 gallons of pool water. This kit contains 1 quart of 90 Day Algae Prevention and Remover, 1 quart of Metal Klear and 1 quart of Free & Klear.

## ■ Lamotte Spin Disks - Page 40

Due to popularity, we will now be carrying the **Lamotte Spin Disks** in Boxes of 100. The 3 disks that we will be carrying in boxes of 100 are the Chlorine/Bromine series disk, the Chlorine/Bromine plus Phosphate series disk and the Chlorine/Bromine plus Borate series disk.

## ■ Taylor Xpress Flex Water Testing Station - Page 41

The next evolution of in-store water testing is here with Taylor's **Xpress Flex**. Xpress Flex is a cutting edge water testing system that uses advanced lighting and imaging technology to provide fast, accurate, and affordable test results. Using Xpress Flex, you can customize every test you run by only using the strips you need and leaving off the ones you don't.

## ■ GAME Products Floating Chlorinators - Page 45

Game is offering 2 new floating chlorinators for 2022. The **Succulent Solar Light Up Chlorinator** is the only chlorinator that uses energy from the sun to light up at night. This chlorinator can hold 5 3" tablets and will tilt over when it needs to be refilled. The **Orka Floating Chlorinator** also holds (5) 3" tablets, tilts over when it needs to be refilled while featuring an adjustable dispensing rate.

## ■ Polaris Prestige Sand Filters & Systems - Page 62

The clear choice for clean water is the new **Prestige Sand Filter and Filter Systems** from Polaris. The Prestige filtration system for above ground pools feature high-performance filtering capabilities resulting in pristine pool water. Easy to install with simple assembly for faster setup so you can start enjoying your pool as soon as possible. The Prestige filter tank is corrosion and UV-resistant and comes with a 7-position multiport valve.

## ■ Pentair Whisperflo XF Super Duty Pump - Page 78

The **Whisperflo XF Super Duty High Performance Pump** is an outstanding choice for demanding applications that call for quiet operation and dependability. Pump hydraulics have been redesigned for smoother flow, improved performance, faster priming and quieter operation. The WhisperFlo XF is built with a durable, one-piece composite resin housing and a dual-compartment motor for simplified field wiring.

## ■ Polaris Forza Pump - Page 82

**Polaris Forza Pumps** for Above Ground Pools provide powerful and quiet operation with hassle-free maintenance to keep your pool running all season long. Features a large capacity strainer basket with transparent lid for reduced maintenance and a heavy duty motor with overheat protection that provides quiet operation.

## ■ **Aquaguard UltraTherm Heat Pump – Page 96**

New for 2022 is the **55,000 BTU Side Fan Heat/Cool Heat Pump** from **AquaGuard**. This heat pump features a double insulated heat exchanger, digital control panel and a top of the line Mitsubishi rotary compressor and is for pools up to 13,000 gallons.

## ■ **Pentair UltraTemp Heat Pumps - Page 96**

We have added two more sizes of the popular **UltraTemp Heat Pump** from **Pentair**. We are now carrying this heat pump in 70,000 and 108,000 BTU's. The UltraTemp Heat Pump features a 100% titanium heat exchanger that assures corrosion free performance for extra long life, a LCD control board that displays an intuitive menu driven read out with easy to follow full word messages and is compatible with all automated control packages.

## ■ **Raypak AVIA Pool and Spa Heater - Page 98**

The Raypak **AVIA** is the first and only pool/spa heater with a built-in advanced WiFi enabled control system. No need for a separate control panel to manage your pool heater and pool environment. Avia does it all. The Avia can be rotated on 3 sides giving you more installation options. It has right and left water connections and gas connections can be configured to be on either side. Avia has an 84% efficiency rating and is low Nox certified.

## ■ **Jandy Electronic Controls - Page 107**

The **Jandy iAqualink 3.0 Web Connection Upgrade Kit** allows you to control your pool anytime, anywhere. You can now control all the elements of your pool/spa system with Jandy's free app. This upgrade kit includes an Aqualink RS8 PCB Board and a iAqualink WiFi Antenna.

Jandy's **Aqualink TCX Pool Only Automation System** is the simple way to turn your existing pool into a smart pool so you can manage your pool from your smartphone with the intuitive iAqualink app. Set up schedules on the go, turn equipment on or off while you're away, control the lights, heater or cleaner remotely using your smart device.

## ■ **Poolside Tech Controls - Page 109**

Brand new for 2022 is **The Attendant** from **Poolside Tech**. The Attendant is designed to improve all aspects of the pool ownership experience. Its cloud based automation system is continually monitoring your equipment, water quality and temperature to determine the most energy efficient way to have your poolside oasis ready when you are. Using the Attendant allows the pool pro to forego any high voltage electrical work that requires an electrician on site. The Attendant allows you to control up to 50 connected devices and feature a built-in WiFi connectivity and a mobile app.

## ■ **Pentair Prowler 930W Robotic Pool Cleaner - Page 110**

The **Prowler 930W Robotic Cleaner** has all the easy, drop-in and go intelligence of all the Prowler family. Features WiFi control via the Pentair Home App for easy connectivity and smart-phone enablement. Easy access to the top filtration basket that captures miniscule and large debris and a robust carry for you to easily transport your Prowler from point A to point B.

## ■ **S.R.Smith Edge Jump System - Page 130**

The **Edge Jump System** is the choice for those who need a system manufactured out of composite materials to resist rust. The Edge diving board and base are designed for new construction projects or retrofit applications. Made from durable and long lasting acrylic and fiberglass construction with advanced composite springs.

## ■ **Hayward Deck Jet 500 - Page 131**

Hayward's **Deck Jet 500** creates an arching stream from the deck to the pool whose flow and direction are simple to adjust without tools. Features an attractive bronze-coated cover and the industry's only height adjustment mechanism for perfect deck alignment even after settling occurs. Elevate the visual and acoustic appeal of your pool surroundings with a simple addition to your pool.

**Sr Smith Deck Mounted Stair Rail - Page 135**

This year we have added a **42" Stair Rail** from SrSmith to our existing lineup. This deck mounted stair rail is 59" long and has a wall thickness of .049". This rail comes with a 6" radius and made from 304 Stainless Steel. This rail is sold as a pair of 2.

**Hayward Duralite Pool Light - Page 139**

In 2022, we are now offering the **Hayward Duralite Pool Light** in low voltage. This Duralite is 300W, with a 100ft cord but now will also come in 12V. This light comes with a white plastic rim for corrosion free performance in a stainless steel housing. Its EZ Lock clamp and reflector assembly allows for simple re-lamping and this light has been 100% tested for safety and quality assurance.

**Innovaplas LED Color Bluetooth Light - Page 142**

The **Innovaplas Bluetooth Light** is a high output multicolor LED Light that plugs into a standard 120V outlet. Bluetooth technology allows you to control the light from your smartphone using the Innovalite App. This light is easy to install on all of Innovaplas's Above Ground pool steps and will allow you to enjoy your pool, even in the evening.

**Jandy Single Union Ball Valve - Page 156**

**Jandy Heavy Duty Ball Valves** make repairing and replacing plumbing and equipment quick and easy. The single union design is rated to 150 PSI. Its durable gray PVC body construction "Antiblock" system avoids ball blockages and allows fast replacement of o-rings and the ball seat without additional tools.

**GAME Pool Products - Pages 185 & 186**

For 2022, we are carrying 3 new **Thermometers** from **GAME Pool Products**. We are now carrying in the new Pineapple, Orca and Succulent style. Each thermometer features large easy to read numbers in both Fahrenheit and Celsius, non toxic liquid and a tether that helps to prevent the thermometer from floating in the skimmer basket or other pool cleaning equipment.

**LED Light Up Glitter Globes** are super bright, color changing LED lights. Each globe in a single color will last up to 100 hours and 80 hours in its color changing mode. The lights are waterproof and float in the water and come with a 1 hour auto shut-off.

Game's **Mossy Oak Large Derby Duck** is created from durable 0.4mm heavy duty vinyl. The quick fill valves allow for faster inflation and deflation. The Derby Duck has 3 convenient handles and 1 cup holder and has a weight capacity of 250 Lbs.

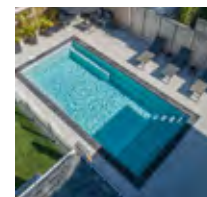

**Gladon Smart Cart - Page 225**

The Original **Smart Cart** from **Gladon** is the cart designed with you in mind. No more backbreaking Above Ground pool wall installations. Made with tough 16 gauge steel construction and large pneumatic tires for easy rolling, this cart makes wall installations quicker than ever. Jet set your wall on the cart, walk around the pool and slide the wall in the track. Simple as 1, 2, 3.

**Mova Fiberglass Pools - Pages 237 thru 240**

Manufactured by Fibre Design, **Mova Fiberglass Swimming Pools** combine superior quality materials with a unique manufacturing process that exceeds industry standards in durability, optimal insulation and ultimate comfort. Whether you want a refreshing swim, to exercise or to beautify your backyard, enjoy your summers with a fiberglass pool from Mova.

**SplashPro Winter Kits - Page 248**

When the season is over and its time to close your pool, look no further than the **Splash Pro Non-Chlorine Winter Kits**. These Winter Kits feature a fast and easy 2 step program that work with all sanitizers and will help keep covered pool water clear and odor free. These kits are available in 3 different sizes.

# SunGuard™

THE SIMPLE SOLUTION  
TO CLEAN, CLEAR WATER

## Best line-up in the business.

### Choose Quality. Choose SunGuard.

When your customers demand quality, the clear solution is SunGuard™. Made from the best chemicals, in the safest packaging and delivered exactly when you need it. Our focus on quality continues with our dedicated service and support so you can meet the demands of your customers.

## BALANCERS

### Instant Stabilizer Plus

Helps Control pH Levels  
Lowers alkalinity of water

### Pool Chlorine Stabilizer

Cyanuric Acid Based  
1.5 Lbs of Stabilizer per 10,000 gallons  
will raise Cyanuric Acid by 10 ppm

### pH Increaser

Sodium Carbonate Based  
Raises the pH of pool water  
Fast dissolving granular soda ash

### pH Decreaser

Sodium Bisulfate Based  
Safer to handle than muriatic acid

### Calcium Hardness Increaser

Calcium Chloride Based  
6 Lbs of Hardness per 10,000 gallons  
will raise level by 50 ppm

### Alkalinity Increaser

Sodium Bicarbonate Based  
1.5 Lbs of Alkalinity per 10,000 gallons  
will raise alkalinity by 10 ppm

## ALGAECIDES

### Algicide 30 – Non-Foaming Poly Base

### Maintenance Algicide

50% Ammonium Base

### Algicide 60 – Non-Foaming Poly Base

### Algae Control Plus

3 Month Algicide Copper Base

## POOL SPECIALTY PRODUCTS

### Opening + Winterizing Kit

Will treat up to 20,000 Gallons  
Includes: 1 Qt of 90 Day Algae Prevention and Remover  
1 Qt of Metal Klear  
1 Qt of Free & Klear

PACKING	ITEM#
6 Kits/Cs	A3905

## WATER CLARITY SOLUTIONS

### Natural Clarifier for Pools

Removes oils & oily scum.  
Biodegradeable & Environmentally safe.

12-1 Qt/Cs	A7136
------------	-------

### Rescue Klear

Increases Filter Efficiency.

12-1 Qt/Cs	A7109
------------	-------

## ALGAE TREATMENT SOLUTIONS

### 90 Day Algae Prevention & Remover

Effective against blue-green, black and mustard algae.

12-1 Qt/Cs	A7133
------------	-------

### Yellow Klear

Effective against yellow and green algae.

12-2 Lbs/Cs	A7121
-------------	-------

## PHOSPHATE TREATMENT SOLUTIONS

### Free & Klear

Phosphate Control, Scum Preventor & Water Clarifier.

12-1 Qt/Cs	A7114
------------	-------

### PhosKlear 4000

Dual-action formula that removes phosphates and keeps water crystal clear

12-1 Qt/Cs	A7113
------------	-------

### Phosphate Remover Commercial

Achieves a near zero level of phosphates

12-1 Qt/Cs	A7111
------------	-------

## STAIN TREATMENT SOLUTIONS

### Metal Klear

Great for use in salt-water generator systems.

12-1 Qt/Cs	A7118
------------	-------

### Natural Stain Remover\*

Removes copper, iron and manganese stains.

12-2 Lbs/Cs	A7119
-------------	-------

## SPECIALTY TREATMENT SOLUTIONS

### Thick Tile and Vinyl Cleaner

A non-abrasive cleanser that removes oil and scum lines.

### CuLator Metal Eliminator & Stain Preventer

Acts like a sponge to rapidly and permanently remove ionized metals from pool and spa water.  
Non-toxic and environmentally friendly.

PACKING	ITEM#
Box of 6	A6750

## POOL RX

PoolRx contains a proprietary blend of minerals that continuously and effectively eliminates algae  
The specially treated alloy cylinder is packed with the PoolRx mineral formulation  
Minerals immediately dissolve out of the cylinder and form a stable residual in the pool water

<b>PoolRx Standard Unit – 7,500 to 20,000 Gallons (Blue)</b>	A3270
--	-------

Continuously and effectively eliminated algae  
Reduces the salt chlorine production needed to keep your pool sanitized

<b>PoolRx Standard Unit – 7,500 to 20,000 Gallons (Blue – 4/Pk)</b>	A3275
---	-------

<b>PoolRx Extreme Unit – 20,000 to 30,000 Gallons (Black)</b>	A3271
---	-------

Reduces chemicals and extends life of salt cell

<b>PoolRx Extreme Unit – 20,000 to 30,000 Gallons (Black – 4/Pk)</b>	A3276
--	-------

<b>SpaRx – 100 to 400 Gallons</b>	A3273
-----------------------------------	-------

Contains a blend of minerals that eliminates algae  
Provide algae free water with less chemicals

## \*WHILE SUPPLIES LAST

## PRISTIVA

### Pristiva Salt Pool Opening Kit

Protects against scale, staining, corrosion and algae  
Contains 2lbs of Premium Shock and 2.4lbs of Prime Treats up to 20,000 gallons of water

PACKING	ITEM#
Each	A3994

### Pristiva Acid Enhance

Specifically designed liquid acid specific for salt pools.  
Reduces pH & Total Alkalinity.

4 x 1 Gal/Cs	A7706
--------------	-------

### Pristiva Phos Cleanse Plus

Reduces pool problems by keeping phosphate levels near zero.  
Prevents calcium phosphate scale and enhances salt cell life.

12 x 1 Qts/Cs	A7707
---------------	-------

# Which Jack's Magic® Products to Recommend

## For Metal or Organic Staining, Scaling & Discoloration in Pools or Spas:

Always start with the **Stain IDentification Kit™**

The results of the Stain ID Kit will determine if you need to use **Iron, Cobalt & Spot Etching Stuff™**, **Copper & Scale Stuff™**, **O2 Safe Shock™**, or a combination

Depending on your situation, you will also need:

- Blue Stuff** (sequestrant) - Ideal for known copper issues
- Purple Stuff** (sequestrant) - Ideal for salt pools
- Magenta Stuff** (sequestrant) - Ideal for start-ups/known calcium issues
- Pink Stuff** (sequestrant) - Ideal for known iron issues
- Ionizer Stuff** (chelator) - Ideal for Ionizer or mineral systems

## For preventing scum line, improving filtration and water clarity:

### Super Pacs™ Natural Multi-Enzyme

Vastly superior to any liquid enzyme, just a one ounce Super Pac treats 20,000 gallons for 2 weeks. Available sizes: 2 count - 1oz. pacs, 12 count POP display, 60 count pail, 400 count pail.

## For Cleaning Above the Waterline:

### Waterline & Tile Cleaner™

For removing black scum line and bathtub rings above the waterline - spray on, wipe off

### Scale Off™

For removing calcium scaling above the waterline - spray on, brush off

### Cartridge & DE Filter Cleaner

For quickly cleaning and degreasing cartridge & D.E. filters - spray on, rinse off

A6716

A6702

A6709

A6713

A6740/A6738

## STAIN REMOVAL

	PACKING	ITEM#
<b>Jack's Stain Solution #1</b> "The Iron, Cobalt & Spot Etching Stuff" Removes iron, cobalt and spot-etching stains from pool surfaces without draining the pool.	12-2 Lb/Cs	A6716
<b>Jack's Stain Solution #2</b> "The Copper & Scale Stuff" Used to remove copper stains and scale from pool surfaces without draining the pool.	4-5 Lb/Cs	A6704
<b>Jack's "The Step Stuff"</b> Safely and effectively removes the most common stains off steps right before your eyes. Simple two part solution.	12-8 Oz Kits/Cs	A6717

## STAIN PREVENTION

<b>Jack's Metal Solution "The Pink Stuff"</b> Helps prevent metal and mineral stains and scale in new pools and aids in removing stains and scale in older pools.	12-32 Oz/Cs	A6700
<b>Jack's Metal Solution "The Blue Stuff"</b> Specifically designed to remove copper stains when used in conjunction with other Jack's Magic products.	12-32 Oz/Cs	A6702
<b>Jack's "The Purple Stuff"</b> Keeps silica in solution while greatly reducing the incidence of cell scaling in salt generators	12-32 Oz/Cs	A6711
<b>Jack's "The Magenta Stuff"</b> Helps remove stains, scale & protects all pool finishes from staining & scaling.	12-32 Oz/Cs	A6709

## SPECIALTY PRODUCTS

<b>Jack's After Shock Chlorine Reducer</b> Lowers chlorine levels quickly after shocking or during stain removal without having to drain water.	12-8 Oz/Cs	A6712
<b>Jack's "The Ionizer Stuff"</b> Formulated to prevent copper staining. Helps keep pool water soft and crystal clear	12-32 Oz/Cs	A6710
<b>Jack's Filter Fiber Stuff</b> Used as a safe alternative to DE and enhances filter performance	36 x 9 Oz Bags/Cs	A6713

## ENZYMES

<b>Jack's Super Pac Natural Multi-Enzyme</b> Breaks down oils, lotions, make up and other common contaminants	12-2x1 Oz Pks/Cs	A6719
--	------------------	-------

## SPECIALTY CLEANER

<b>Power Blue Water Line &amp; Tile Cleaner</b> Removes tough sun-baked, oily black scum lines and water marks	24-8 Oz/Cs	A6736
	12-32 Oz/Cs	A6738
	4-1 Gal/Cs	A6740

## TEST KITS

<b>Topical Stain ID Test Kit</b> A topical is nothing more than a test spot to determine which Jack's Magic products are right for your stains.	Each	A6732

# Pool, Spa and Fountain Premium Care Solutions

We make water and surface protection for swimming pools, spas and fountains EasyCare!

EasyCare® Synertec™ and Enviro-Safe™ technologies are chlorine stable, acid and metal-free, for superior results.

Kills green and yellow algae in 4 to 24 hours.  
Eradicates black algae in 7 to 10 days.  
Strong synergy with chlorine.  
Contains no metals, quats and bromide.

Multi-task 3-in-1 Treatment.  
Kills and prevents all algae growths.  
Ultra-clarifies pool water.  
Boosts chlorine effectiveness.  
Easiest way to keep pool water clean.

Advanced scale-stain-scum controller.  
Multi-scale control (calcium & hard silicates).  
Removes scale and stain buildup.  
Cleans and protects salt cells.  
Continuous surface cleaner.

Dissolves white calcium buildup on all pool surfaces and equipment.  
Removes waterline buildup on tile.  
Removes metal stains.  
Sequesters: iron, copper and manganese.

Prevents calcium plaster dust formation on pool surfaces.  
Prevents metal staining.  
Improves color consistency.  
Provides easier, faster startups.

### Clean & Pure Pool Salt

40 Lb Bag	D5502
-----------	-------

### Splash Pool Salt

40 Lb Bag	D5503
-----------	-------

A6096

D5502

#### To start up a pool with salt:

20,000 gallons – 500 lbs of salt

30,000 gallons – 750 lbs of salt

40,000 gallons – 1000 lbs of salt

One bag of salt will raise the salt level 480 ppm per 10,000 gallons

## SERIES 120 & 400

If you are sold on chlorine water treatments but wish there was an easier way to use chlorine without the smelly odor, heavy buckets, or bleaching problems due to spillage, then you'll want to consider New Water®.

### NEW WATER®

A chlorine system consisting of a Cyclor and convenient, pre-filled Cyclor Pacs that offer the benefit of less chlorine handling and reduced chlorine fumes. The precise metering dial and erosion technology of the Cyclor limits chemical exposure to water, which allows for more uniform chlorine output that makes chlorine last longer.

C1296

#### New Water Above Ground Cyclor #120

PACKING	ITEM#
1 Each	C1296

In-line with 1½" threaded ports for use on pools up to 25,000 gallons. Cannot convert to off-line. Uses Cyclor Pac #105C.

C1294

#### New Water Above Ground Cyclor Pac #105C

3 Pacs/Cs	C1237
-----------	-------

Pre-filled with 4.16 lbs. of Trichlor.  
For use in New Water Cyclor #100 & #120.

#### New Water InGround Cyclor #400

1 Each	C1294
--------	-------

In-line with 2" threaded ports for use on pools up to 40,000 gallons. Cannot convert to off-line. Uses Cyclor Pac #407C.

C1239

#### New Water In Ground Cyclor Pac #407C

3 Pacs/Cs	C1239
-----------	-------

Pre-filled with 6.16 lbs. of Trichlor.  
For use in New Water Cyclor #400 & 430

# NATURE 2 SANITIZERS

CHEMICALS

NATURE 2 SANITIZERS

## NATURE 2 SANITIZERS

Nature 2 is the leading alternative to chlorine among swimming pool and spa owners around the world.

Cuts chlorine & chemical use by 80-90%.

Cartridge lasts 1 season or 6 continuous months in year-round climates.

ITEM#

### Nature 2 Express Above Ground Complete w/Cartridge

A3225

Same as InGround model but includes PVC Rigid Adapter for above ground installation.

### Nature 2 Express Replacement Cartridge

A3226

For InGround and Above Ground pools up to 25,000 gallons.

### Nature 2 Spa Stick – for up to 1,000 Gallons – 12/Cs

A3250

Installs in seconds & lasts up to 4 months.

### Nature 2 CF Cartridge Filter – 6/Cs\*

A3260

For pools up to 25,000 gallons.

Reduces chemical use and maintenance.

A3250

### Nature 2 Spa Test Strips – 50 Strips per Bottle

A3252

Tests: Monopersulfate, Alkalinity, pH

### Nature 2 Above Ground “A” Replacement Cartridge

A3210

For Above Ground unit from 5,000 to 30,000 gallons.

### Nature 2 InGround Professional “G” Unit

A3230

For pools up to 45,000 gallons.

### Nature 2 G-25 InGround Replacement Cartridge

A3235

For InGround units from up to 25,000 gallons.

### Nature 2 G-35 InGround Replacement Cartridge

A3240

For InGround units from 25,000 to 35,000 gallons.

### Nature 2 G-45 InGround Replacement Cartridge

A3245

For InGround units from 35,000 to 45,000 gallons.

### Nature 2 Fusion InGround Feeder

A3232

For pools up to 45,000 gallons.

### Nature 2 DuoClear/Fusion 25 InGround Replacement Cartridge

A3265

For pools up to 25,000 gallons.

### Nature 2 DuoClear/Fusion 35 InGround Replacement Cartridge

A3266

For pools up to 35,000 gallons.

### Nature 2 DuoClear/Fusion 45 InGround Replacement Cartridge

A3268

For pools up to 45,000 gallons.

## HAYWARD HIGH RATE SAND FILTER – SIDE MOUNT

Bolted center flange provides extra strength and securely fastens tank top and bottom together. This allows for access to all internal components.

Efficient, multi-lateral underdrain assembly, with 360° slotted, self-cleaning laterals, gives totally balanced flow and backwashing.

Drain pipe assembly gives total draining of filter for winterizing or servicing, without the loss of sand and makes changing the sand easy.

## HAYWARD PERFLEX D.E. FILTERS & SYSTEMS

Cleans pools fast – removes even the smallest particles the first time through. Patented Flex-Tube System efficiently reuses D.E. powder and dirt mixture to form fresh cleaning surfaces.

Exclusive bump handle activates the Flex-Tubes, causing them to instantly purge themselves of dirt and powder.

Easy access clamp assembly on EC40AC & EC50AC.

## HAYWARD PRO GRID DE FILTERS

Filter tanks are made from durable glass reinforced co-polymer to meet the demands of the toughest applications and environmental conditions.

Heavy-duty, tamper-proof one piece flange clamp securely fastens tank top and bottom. Allows quick access to all internal components without disturbing piping or connections.

High impact grid elements designed for up-flow filtration and top-down backwashing for maximum efficiency.

**SunGuard**<sup>™</sup>

**At FILBUR, we deliver a lot more than cartridges.**

Strength in partnership, for instance. A strong Hachik / FILBUR partnership means you'll get what you need in a hurry. Plus, cartridges with DirtMaster technology – OEM-specified media, chlorine and salt-resistant endcaps, and the strongest cores in the industry – provide reliability and longer life. That translates directly into bottom line advantages for your business.

Continuous improvement. Continuous collaboration. It's how we create the strength in partnership that accompanies every FILBUR filter and grid we sell.

American Titon SS DE Filter	RO-KIT400	K6084
Hayward Micro Clear Cartridge Filter	RO-KIT423	K6088

**\*WHILE SUPPLIES LAST**

Distributed By

**BrightLine**  
FILTER MEDIA PERFECTED.

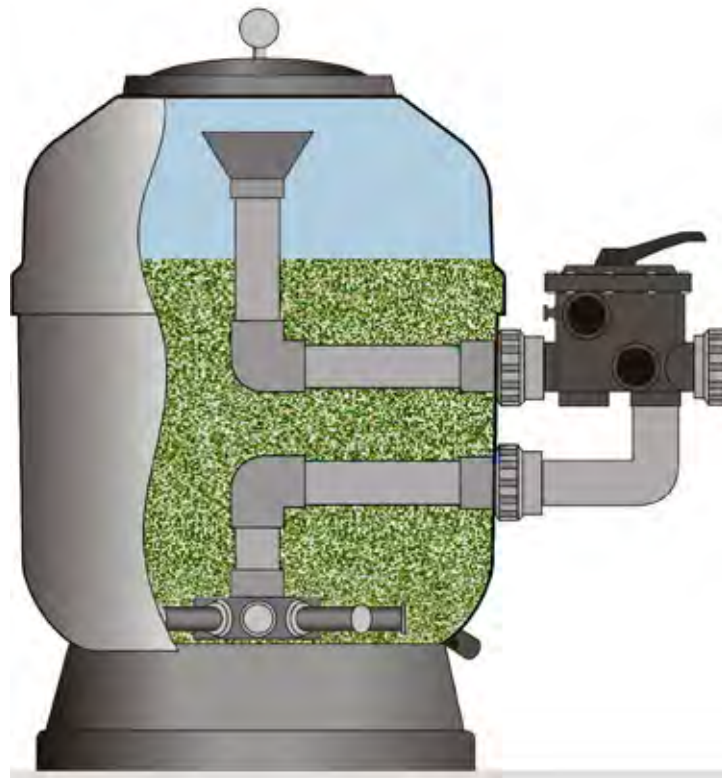

Engineered for better filtration.

Certified to  
NSF/ANSI Standard 50

**Can last 3x longer**  
BrightLine does not break down like sand filter media.

**Filters 6x better than sand**  
BrightLine catches particles as small as 5 microns.

**Backwash is quick and efficient**  
BrightLine doesn't pack or channel, saving water and chemicals wasted in backwashing.

**Requires 20% less product**  
With a lower density, BrightLine fills more space with less material.

**100% recycled materials**  
BrightLine is eco-friendly before you even use it.

THE BENEFITS  
ARE CLEAR.

## HAYWARD VARIABLE SPEED PUMPS

### HAYWARD SUPER PUMP VS 700 VARIABLE SPEED PUMP

The Super Pump VS 700 Variable Speed Pump features an integrated variable-speed drive and totally enclosed, permanent magnet motor that can save up to 80% in energy costs over single-speed pump alternatives

Up to 80% energy savings vs. ordinary single speed pumps

Universal controller compatibility

Totally enclosed fan cooled (TEFC) motor for added reliability

110 cubic inch strainer basket

K3981

	MFG#	ITEM#
<b>Hayward Super Pump VS 700 Variable Speed Pump</b> 1.65THP	SP2670020VSP	K3981

### HAYWARD TRISTAR VS 900 VARIABLE SPEED PUMP

The TriStar VS 900 is the variable-speed pump designed for the trade only! This pump is not for sale online and will pay for itself faster than larger, more expensive variable-speed models.

Exclusive extended life viton pump seal

All-in-One functionality, will operate in stand-alone more or with a control system via relay control

Updated with Hayward's digital control interface that rotates to 4 different positions and can be wall mounted

Fully programmable 24 hour time clock with up to 8 customizable speeds and timer functions

K3971

<b>Hayward TriStar VS 900 Variable Speed Pump</b> 1.85THP	SP32900VSP	K3971
--	------------	-------

### HAYWARD TRISTAR VS 950 VARIABLE SPEED PUMP

The TriStar VS 950 Variable Speed Pump can save up to 90% on energy costs, an average of \$1,500 per year compared with traditional single-speed units.

Replaces most high-performance single-speed pumps up to 3 HP

Built with a chemical-resistant Viton seal and accompanied by a 4-year extended warranty

2" x 2½" CPVC union connections make TriStar VS 950 easy to install and service

K3967

<b>Hayward TriStar VS 950 Variable Speed Pump</b> 2.70THP	SP32950VSP	K3967
--	------------	-------

### HAYWARD MAX-FLO VS 500 VARIABLE SPEED PUMP

The Max-Flo VS Variable Speed Pump is designed to replace most medium-head pumps up to 1.65 THP and provides up to an 80% energy savings over single-speed pumps.

Permanent magnet, TEFC motor offers incredible energy efficiency and reliability.

Fully programmable, digital control interface rotates to four different positions or mounts to the wall for easier access

Upgraded with an extended-life Viton pump sel that provides improved resistance against chemical imbalances.

Can operate in standalone mode or connect to any automation system.

# EFFICIENCY EVOLVED

## VGREEN EVO™ VARIABLE SPEED POOL PUMP MOTOR

THE POWER BEHIND THE PUMP™

New simplified user interface allows for easier programming with the push of a button.

Direct drop-in replacement, lightweight, compact motor design with enhanced rotatable wiring compartment for an easy installation.

Variable speed design reduces noise and allows for quieter operation compared to single-speed motors.

# Protection From the Elements

Distributed By

Both **AQUA-SHIELD PRO®** and **NEPTUNE™** are designed and constructed to provide your customers additional layers of protection against the elements.

**AQUA-SHIELD PRO** is built for service professionals like you, with a top-mounted conduit box making installation easy. The totally enclosed fan-cooled (TEFC) aluminum finned design protects the motor from moisture and heat, giving your customers a product with longer service life. **AQUA-SHIELD PRO** will be available exclusively through pool industry professionals or distributors..

The **NEPTUNE Variable Speed Pool Pump Motor** is a direct replacement motor designed to reduce energy usage associated with a pool pump by up to 80%. There is no longer a need to replace the entire pump to gain energy savings associated with variable speed. The TEFC finned aluminum design helps extend field life by protecting components from moisture and debris. This line of motors is compliant with Title 20 regulations, CEC requirements, and the proposed DOE rule. With an integrated control, simply set the time of day and the default programming will save on utility expenses, keep chemicals balanced, water clear, and keep the filter efficiency maximized.

# POOL SERVICE PUMPS

Exclusively Distributed By

## Cover Pump 810 GPH Manual

- Fully submersible
- Manual on/off
- Energy efficient magnetic drive pump
- Continuous duty 55 watt motor
- Thermoplastic construction
- Thermoplastic impeller
- Built-in adjustable control valve to control flow
- 1" NPT discharge
- 3/4" Garden hose adapter included
- Screen removes easily for cleaning
- Compact, lightweight design is easily portable
- 25' power cord
- 2 year warranty

## Cover Pump 2100 GPH Automatic

- Fully submersible
- Automatic on/off
- Internal automatic vertical float switch
- Activates in 1-1/2" of water
- Thermoplastic construction with built-in handles for ease of transport and installation
- Hermetically sealed, oil cooled motor for long pump life
- 1" NPT horizontal discharge
- 3/4" Garden hose adapter included
- Large base design for added stability
- 25' power cord
- 3 year warranty

## 1/2 HP Main Drain

### SUBMERSIBLE UTILITY PUMP 5580 GPH MANUAL

- Stainless steel construction
- Manual on/off
- 1/2 HP motor
- 25 Foot power cord
- 1-1/4" NPT Top discharge
- 1-1/2" Adapter included
- Stainless steel impeller
- Large intake screen
- Built-in heavy duty handle
- Will fit inside most 8" pool drains
- 1-Year limited warranty

THE AQUAGUARD AUTOMATIC POOL COVER PUMP ATTACHES TO A STANDARD GARDEN HOSE TO EASILY REMOVE STANDING WATER FROM POOL COVERS

## AG92395 FEATURES

- THERMOPLASTIC CONSTRUCTION WITH 3 BUILT-IN HANDLES FOR EASE OF TRANSPORT AND INSTALLATION
- HERMETICALLY SEALED, OIL COOLED MOTOR FOR LONG PUMP LIFE
- 25' POWER CORD
- 1" NPT HORIZONTAL DISCHARGE
- 3/4" GARDEN HOSE ADAPTER INCLUDED
- LARGE BASE DESIGN FOR ADDED STABILITY
- BOTTOM SCREEN REMOVES EASILY FOR CLEANING
- INTERNAL AUTOMATIC VERTICAL FLOAT SWITCH ACTIVATES IN 1-1/2" WATER
- CLOG RESISTANT IMPELLER
- ENERGY EFFICIENT SPLIT CAPACITOR MOTOR. LOWER AMP DRAW, RUNS COOLER, LASTS LONGER
- ACCEPTABLE FOR INDOOR OR OUTDOOR USE

# Flow Through Pool Season.

## Take the Hassle Out of Pool and Spa Setup

Upgrade your workflow this pool season with the Intermatic PS3000 Surge Protective Device paired with the PX Series Safety Transformer or COMBOConnect Junction Box Transformer.

The PX100, PX300 and COMBOConnect Junction Box Transformer, are manufactured in an ISO-certified facility that includes more than 40 on-site specialty engineers and offer unique features that help them stand out in a crowded field.

The PS3000 Surge Protective Device serves as a welcome addition to any pool electrical panel and uses state-of-the-art TPMOV surgetechnology to protect all equipment downstream of the connection point.

PEDOC Power Solutions, in partnership with Intermatic, offers a wide variety of sizes, configurations, and colors of power pedestals for small- and large-scale pool and spa projects. In addition to powering pool equipment, you'll find these pedestals charging many types of personal electronic devices, audio sound systems, emergency shut-off switches, as well as holiday and other lighting displays. As the demand for outdoor power increases, PEDOC power pedestals provide an ideal solution to bring stand-alone power to any outdoor location.

# UltraTherm™ Heat Pumps

Our full-featured, energy saving line of AquaGuard UltraTherm™ heat pumps are the most efficient way to heat your InGround pool! The benefits of these heat pumps are endless. Enjoy an air management system that maximizes air flow with a quiet fan to maximize pool heat, and a quiet scroll compressor to reduce noise.

## The AquaGuard Advantage!

- Ultra resistant injection molded cabinet. Provides durability and easy care.
- Easy to use Digital Controls
- Compatible with all control systems
- Premier 2 year labor, 7 year parts warranty

## Heat/Cool Above Ground Heat Pump!

- Quality Heatpumps built by Nirvana

## ELEVATES DESIGN AND FUNCTION

AVIA is the First and only pool/spa heater with a built-in advanced Wi-Fi enabled control system! No need for a separate control panel to manage your pool heater and pool environment, AVIA does it All.

You can also control your AVIA settings from across the street — or across town — right from your phone. Whether adjusting the pool temperature or checking on other pool functions, it's all possible through your Raymote remote Wi-Fi connection.

- 4" venting
- Universal water connection location
- 2' x 2' base footprint
- 140 lbs product weight

### Intelligent Insight

#### Integrated Wi-Fi

Provides a smart connection for real-time service alerts and control from anywhere.

### Smarter Controls

#### Raymote Temperature and Heater Control

Raymote Mobile App allows you on-the-go control of your pool temperature and so much more.

### Self-Protection Technology

#### ProTek Shield™

Is a cutting-edge module that protects the heat exchanger from corrosion, prolonging the life of the AVIA pool heater.

Take advantage of our Heat/Cool models to extend your pool season, getting more use out of your pool each year, or cooling your pool to an enjoyable temperature on really hot summer days. Available on all Crosswind models and select Classic Series heat pump models.

## Enjoy the Perfect Temperature with Ease

The Crosswind pool and spa heater is designed with intelligence, whisper quiet operation and energy efficiency. Crosswind's inverter technology automatically adjusts and controls your pool temperature, to save energy and money.

## Classic and Compact Series Pool & Spa Heat Pumps

The Classic and Compact series pool and spa heat pumps deliver reliable performance and provide great energy cost savings.

**NEW**

High Performance Heaters

# Give customers savings and tech-savvy control.

- Save money and energy with the industry's favorite pool heaters.
- New automation and mobile-phone connectivity gives on-demand control.
- The new Smart Heater Bypass Valve automatically diverts water flow when the heater isn't firing to save energy and money.
- Dependable, easy to use and efficient.
- Pool-pro-friendly: makes service and troubleshooting a snap.

## INTELLICENTER CONTROL SYSTEM

### About:

Introducing Intellicenter Control System for Pool and Spa. The Intellicenter features new color touchscreen interfaces at the equipment pad as well as via an optional indoor control panel and/or optional wireless poolside remote. Its razor sharp screen clarity and step-by-step instructions make operation a cinch. Intellicenter has enhanced voice command capabilities, built-in connectivity for IOS and Android mobile digital devices and can even provide real-time e-mail alerts when an issue requires attention.

### Features and Benefits:

Easy to use, intuitive user interface on touchscreen interfaces with multiple controller options  
 Built-in connectivity for IOS and Android mobile digital devices, including the Apple Watch and Amazon Echo  
 Controls pools remotely from anywhere in the world, including at home, abroad or at work  
 Pumps, Heat Pumps, Chemical Controllers, heaters and more can be controlled by Intellicenter

## INTELLICONNECT CONTROL AND MONITORING SYSTEM

### About:

Introducing a product that provides real-time information for added convenience and control of your pool through your smart device. With the right information, every pool can work better, at lower cost and with fewer maintenance issues. The new IntelliConnect Pool Control and Monitoring System gives pool owners the system information they need to take control of their pool from home or around the world.

### Features and Benefits:

Uses a smart connection to interface with the IntelliFlo and IntelliPro Pumps  
 Two relays to control and monitor on/off items such as single speed pumps, lighting and more  
 Uses any smart device for monitoring and control of your pool  
 Monitors up to 4 pool devices including most pumps, IntelliChlor and iChlor Sanitizers, Lighting and more  
 Easily sets up and schedules automatic operation of connected equipment

V4832

Minimize the energy impact and costs of pool ownership while removing wasteful spends

Making informed decisions for a household budget puts the homeowner in control

Our Airbnb mode allows a homeowner to grant limited access to guests or teens to avoid careless spending

## THE ATTENDANT

*new*

Automation that thinks for itself. And pays for itself

POOLSIDE Tech

### Hardware Specification:

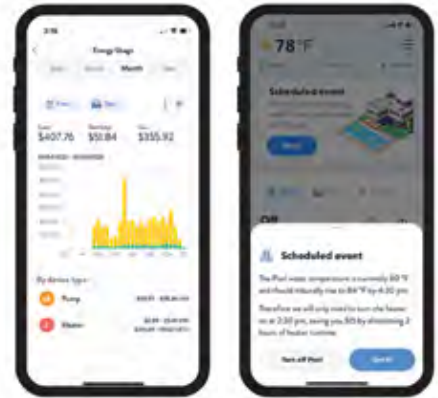

- Control of up to 50 variable speed pumps and/or serial connected devices
- Expandable support for up to 8 relay devices
- Support for up to 5 temperature sensors
- Support for up to 5 flow switches
- Support for up to 5 actuators
- Support for up to 5 low voltage relays
- Universal pH and ORP probe connectivity for water quality measurement
- 110v and 230v compatible

### Included with The Attendant:

- Onboard touchscreen for local control
- Built in Chemical Monitoring
- Vendor Agnostic Device Control
- Built in wifi connectivity
- Mobile app (iOS and Android) for full experience
- Onboard PIN code for local device safety
- Lockable enclosure
- Expandable for larger system installation

### Inside the Box:

- The Attendant Controller (1 unit)
- High voltage relays (Qty 2 included in base unit)

## DOLPHIN ROBOTIC CLEANERS

ITEM#

### Dolphin Active 10

E9031

Recommended for Above Ground & small InGround pools up to 30 ft. in length  
 Scrubs, vacuums and filters all pool surfaces in just 1.5 hours  
 Plug-n-play! No pre-installation needed, no connections to pool system  
 12 month warranty – parts and labor

### Dolphin Active 15

E9047

Recommended for InGround residential pools up to 33ft. In length  
 Durable tracks and scrubbing brush helps remove leaves, dirt and debris  
 Large capacity top load filter basket holds more dirt than ever before  
 8x more energy efficient than other suction and pressure cleaners  
 24 month warranty – parts and labor

### Dolphin Active 20

E9032

Recommended for InGround residential pools up to 50 ft. in length  
 Scrubs, vacuums and filters all pool surfaces in just 2 hours with swivel  
 Plug-n-play! No pre-installation needed, no connections to pool system  
 12 month warranty – parts and labor

### Dolphin Active 30

E9033

Recommended for InGround residential pools up to 50 ft. in length  
 Weekly-Timer! Pre-set one weeks worth of cleaning!  
 Scrubs, vacuums and filters all pool surfaces in just 1 or 2 hours  
 WiFi enabled for control through any WiFi enabled device!  
 12 month warranty – parts and labor

### Dolphin Active 30i

E9034

Recommended for InGround residential pools up to 50 ft. in length  
 Weekly timer – preset one weeks worth of cleaning  
 Scrubs, vacuums and filters all pool surfaces in as little as 90 minutes  
 WiFi enabled for control through any WiFi enabled device!  
 24 month warranty – parts and labor

### Dolphin Active 40

E9051

Recommended for in-ground residential pools up to 50ft in length  
 Active brush spins 2x faster for more scrubbing power  
 Scrubs, vacuums and filters all pool surfaces in as little as 90 minutes  
 Plug-n-play! No pre-installation needed, no connections to pool system  
 WiFi Enabled for control through and WiFi enabled device through  
 MyDolphin Plus mobile app  
 24 month warranty - parts and labor

### Dolphin Active 60

E9053

Recommended for in-ground residential pools up to 50ft in length  
 PowerStream and Dual-Drive mobility delivers incomparable scrubbing  
 of floor, walls and waterline  
 Scrubs, vacuums and filters all pool surfaces in as little as 90 minutes  
 Plug-n-play! No pre-installation needed, no connections to pool system  
 WiFi Enabled for control through and WiFi enabled device through  
 MyDolphin Plus mobile app  
 36 month warranty - parts only !

# ECO-CHOICE by SAU-SEA

## ECO-CHOICE *ULTRA HIGH GLOSS Epoxy Pool Coatings by Sau-Sea*

**ECO-CHOICE** — An exceptionally durable, two-part epoxy coating for masonry swimming pools.

With the **self-priming advantage**, there is no confusion or additional cost that can occur with other epoxy primer-based systems.

**ECO-CHOICE** epoxy pool coatings are time-tested and proven in performance.

- ✦ **Maximum Stain Resistance** ✦ **Easy to Apply, Glides on with Minimal or No “Roller Drag”**
- ✦ **Extended Coverage Rate** ✦ **Virtually Unaffected by Prolonged Submersion**

### Ultra High-Gloss Epoxy Pool Coating

*Self-priming advantage-No need to purchase or apply additional Epoxy primer coatings. Ultra-high gloss finish; Compatible with any epoxy painted pool; Ultimate stain and chemical resistance; Excellent durability and longevity; Superior UV and chalk resistance; Excels in salt water pool systems; VOC compatible/environmentally friendly; 300-400 avg. sq. ft. per gallon coverage based on variable surfaces.*

**Superior Quality**

**ALSO AVAILABLE**  
by SAU-SEA

- Eco-Choice Premium Ultra High-Gloss Vinyl Pool Coatings • Paint Compatibility Kits
- Express Laboratory Compatibility • Analysis for Repainting • Masonry Repair Products
- Brushes, Rollers, Mixing Buckets, etc. • Safety Abrasive Paint Additive

SAU-SEA PAINT

# ECO-CHOICE by SAU-SEA

## Natural Rubber Pool Coatings (Not Synthetic)

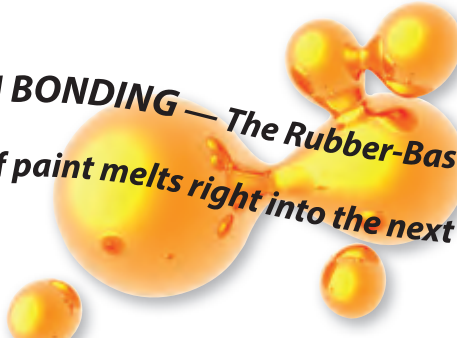

### ECO-CHOICE

Chlorinated Natural Rubber resins OFFER THE HIGHEST DEGREE OF WATERPROOFING AVAILABLE in a thin, highly protective layer.

**Protect** your pool structure from freeze-thaw damage.

**Prevent** chlorine water penetration from damaging the paint film itself.

**FUSION BONDING** — *The Rubber-Base Advantage*  
*One coat of paint melts right into the next coat!*

### Exceptional Bonding Strength

Fusion Bonding prevents layered coats from forming. Water CAN'T build between coats and cause peeling because each recoat melts into the last one—even after multiple recoats over many years. There is always just ONE layer of paint on the pool—fusion bonding has been the most successful submerged painting system for over 50 years.

- ✦ **Ultimate in UV Resistance**
- ✦ **Superior Stain and Chemical Resistance**
- ✦ **Excels in Saltwater Pool Systems**
- ✦ **Outstanding Water Resistance**

### Ultra High-Gloss Natural Rubber Pool Coating

Made with the very finest quality ingredients available worldwide. Provides one of the very highest gloss finishes available. Epoxy like durability; Single component; non-chalking; Fusion bonding advantage; Self-priming; Compatible with any rubber based paint; Natural chlorinated rubber – not synthetic rubber; Superior stain and chemical resistance; UV resistant; Excels in salt water pool systems; VOC compatible/environmentally friendly; 300-400 avg. sq. foot per gallon coverage based on variable surfaces.

**Highest Quality Available**

### Semi-Gloss Natural Rubber Pool Coating

Durable full gloss finish comparable to many competitors high gloss finishes; this coating provides you with a substantial cost savings per gal. Compatible with any rubber-based paint; Natural Chlorinated rubber – not synthetic rubber; Self-priming; single component-non chalking; UV, Stain, and chemical resistant; Fusion Bonding advantage; Excels in salt water pool systems; VOC compatible/environmentally friendly; 300-400 avg. sq. foot per gallon coverage based on variable surfaces.

## VULKEM ONE-PART POLYURETHANE SEALANTS

### VULKEM SEALANT #45

Vulkem 45 SSL is a one-part moisture curing polyurethane sealant. Provides exceptional wear and tear resistance required in high traffic areas. Formulated for use in expansion joints. At 75°F and 50% R.H., a skin forms within 5 hours.

Maximum depth of any sealant should be 1/2". For joints ranging from 1/2 to 1" wide, the sealant depth should be approximately 1/2" on the joint width.

<b>Vulkem Sealant #45 Qt. Cartridge – Semi Self-Leveling</b>	White	S1005
<b>Vulkem Sealant #45 Qt. Cartridge – Semi Self-Leveling</b>	Gray	S1006
<b>Vulkem Sealant #45 Qt. Cartridge – Semi Self-Leveling</b>	Buff/Tan	S1027

### VULKEM SEALANT #116

Vulkem 116 is a one-part moisture curing, gun grade polyurethane sealant. Vulkem 116 is durable, flexible, and offers excellent performance in moving joints. Vulkem 116 does not require a primer on most construction materials. For joints 1/4" to 1/2" wide, the width to depth ratio should be equal. Joints 1/2" wide or greater should have a sealant depth of 1/2". Minimum joint size is 1/4" by 1/4". Vulkem 116 is easy to apply with conventional caulking equipment. Fill joint completely and tool.

At 75°F and 50% R.H. a skin forms within 24 hours. Curing continues at the rate of 1/16" depth per day. The cure rate is reduced at lower temperatures and less humidity.

<b>Vulkem Sealant #116, 10.1 Oz. Cartridge – Gun Grade</b>	White	S1007
<b>Vulkem Sealant #116, 10.1 Oz. Cartridge – Gun Grade</b>	Gray	S1008

## CHEMLINK POLYETHER SEALANTS

Multi-purpose, resilient joint sealant  
 Ideal for wide range of applications where joint movement requires compression  
 Effective in damp, dry or cold weather  
 Solvent free, 100% solids will not shrink  
 40 Minute Skin Over – Paintable within 24 hours

<b>Novalink 35 Joint Sealant 10.1 oz Cartridge</b>	White	S1121
<b>Novalink 35 Joint Sealant 10.1 oz Cartridge</b>	Buff	S1120
<b>Novalink 35 Joint Sealant 10.1 oz Cartridge</b>	Gray	S1122

S4227

### EM-CRYL 600

Designed for use as an additive for portland cement mixes to improve adhesion and mechanical properties. Cement mixes prepared with EM-CRYL 600 are suitable for exterior and interior use; are hard, tough, fast curing; and possess good resistance to most common chemicals. Use to reduce cracking in cement plaster.

	PACKING	ITEM#
<b>EM-CRYL 600*</b>	4-1 Gal/Cs	S4227

S4266

### PATCH ALL

Patches vertical cracks and spoiled concrete, molds to shape.

<b>Patch All*</b>	50 Lb. Bag	S4251
-------------------	------------	-------

S4060

### POOL PATCH

Fast setting, high strength patching and repair mortar that may be used above or below water levels. Can be used in pools, holding tanks, concrete pipe or anywhere concrete repairs are needed.

<b>Pool Patch Fast Set Underwater Repair</b>	4 – 10 Lbs/Cs	S4266
--	---------------	-------

### TILE GROUT

Perma Tile Grout is a special blend of Portland cements. Is suitable for all grouting applications on floors and wall tile. Will cover 12 to 16 Sq. Ft. per 1 Lb.

<b>Tile Grout</b>	6-5 Lb/Cs.	S4060
-------------------	------------	-------

S4030

### POR-ROK CONCRETE PATCH

Concrete Patch is fast setting, patching mortar designed to repair horizontal, vertical and overhead concrete and masonry surfaces. Has a working time of 10 to 20 minutes when mixed with water at 70°F. Will yield approx. 0.4 Cu. Ft per 50 Lb. pail. Concrete gray when cured.

<b>Por-Rok Concrete Patch</b>	4-10 Lb/Cs.	S4030
-------------------------------	-------------	-------

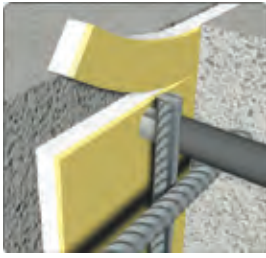

S4040

### AQUA PLUG

Is a quick setting, hydraulic, cementitious, water stopping grout that provides a tight bonding, dense barrier to permanently seal out active water. When mixed with clean water, this formula sets in 3 to 5 minutes at 70°F. To seal all leaks around piping and conduit passing through concrete and masonry walls. Will yield approx. 0.4 cu.ft. (0.01 cu.m.) per 50 lb pail. Available in gray only. 1 lb. will fill 17 cu.in., or a crack 3/4 x 3/4 x 30 inches.

<b>Por-Rok Aqua Plug Water Stop Cement</b>	12-3 Lb/Cs	S4040

<b>SplashPro Commercial Flexible Vac Head</b> 14" w/ handle #130021	F4042

On July 26, 2010, the US Department of Justice released updated ADA Standards for Accessible Design. Among the updates for a number of facility types were new requirements specifically for public swimming pools. The level of accessibility depends on the size and type of the pool.

For pools under 300 linear feet in size, the ADA Standard for Accessible Design calls for one means of access, which must be either an ADA-compliant lift, or a sloped entry.

Pools with greater than 300 linear feet of pool wall must also have a second means of access. This second means can either be another lift or ramp, or it can also be a transfer wall, a transfer system or pool stairs.

## MULTI-LIFT

The Multi-Lift is the most versatile pool lift yet, with the option to install it as a fixed or removable lift. The Wheel-A-Way option provides flexibility to remove the lift for poolside events or seasonal storage. Right or left side mounting means less to think about when selecting a location on the deck. Comes standard with the LiftOperator Intelligent Control System.

	MODEL	ITEM#
<b>Multi-Lift*</b>	#575-0000	H1186
<b>Multi-Lift with Folding Seat*</b>	#575-0100	H1177
<b>Multi-Lift Wheel-A-Way Option</b>	#500-5500	H1191

## PAL LIFT

The completely portable PAL is the perfect accessory for any commercial aquatic facility. The PAL Lift series meets the Americans with Disabilities Act Access Guidelines (ADA/ABA 2004). In addition to the standard configuration, the PAL lift is also available in Hi/Lo and Spa versions. 240° rotation ensures a safe transfer area.

300 pound lifting capacity.

Completely Portable – No Deck Fixtures Needed.

Powered by a 24-volt rechargeable battery.

Powder coated stainless steel and aluminum.

<b>PAL Series Portable Aquatic Lift*</b>	#200-0000	H1183
--	-----------	-------

## SPLASH! LIFT

The Splash! Lift series meets the Americans with Disabilities Act Access Guidelines (ADA/ABA 2004). In addition to the standard configuration, the Splash! lift is also available in Hi/Lo, Spa, Extended Reach and Splash300 versions. The Splash! lift semi-permanently installs into your pool deck via anchor, and can be easily removed for winter storage. 344° rotation ensures a safe transfer area.

400 pound lifting capacity, except for the Extended Reach, which has a 300 pound lifting capacity.

Semi-permanent installation – easily removable from anchor.

Powered by a 24-volt rechargeable battery.

Powder coated stainless steel and aluminum.

<b>Splash! Lift*</b>	#300-0000	H1185

# SPA COVERS & COVER LIFTS

Available colors...

## STANDARD

Spa Cover features 4 – 2" tapered 2lb. foam cores that are heat sealed in a 4 mil. vapor wrap. This cover comes with four locking buckles and four handles. The foam core is braced with a galvanized steel channel at the hinge for added strength. Cover has a 3" skirt. Features a two-year limited warranty.

Available in 12 different colors

**CALL FOR PRICING**

## DELUXE

Spa Cover features added strength and durability. The Deluxe cover takes all of the features of the Standard cover and adds a 6 mil. vapor wrap and a fiberglass reinforced strapping on one foot centers. Features a three-year limited warranty.

Available in 12 different colors

**CALL FOR PRICING**

## MERLIN THERMO-LIGHT

Every spa needs a cover to keep in the heat and debris out. This is a light weight spa cover. Can be used for in ground custom spas and self contained spas where you do not want a bulky heavy cover to put on and off. This cover is about 1" thick. It is constructed of the finest marine grade top vinyl and a special formulated inner core made of a special large weave mesh on the bottom to insure it will not hold or absorb water.

Easy to install & remove.

Light weight.

Floats on the water surface.

High insulating factor.

**CALL FOR PRICING**

## COLORS:

Rust, Light Gray, Charcoal, Almond, Light Blue, Teal, Navy Blue, Hunter Green, Burgundy, Ash, Russet, Black & Chocolate

Refer to Page 252 for the Measuring Ordering Form

## COVER VALET

### COVER ROCK-IT

This will fit most spas up to 96".

Installs easily in minutes.

Attaches right to the bottom of wood base on the spa frame.

Color: Dark Gray.

Features 5-year limited manufacturer warranty.

# THE ORIGINAL **SMART CART**

The cart designed with YOU in mind!

● Since 1999

The Easiest Way to Install Above-Ground Pool Walls!!

## Get Smart

LET THE CART DO THE WORK

No more backbreaking above-ground pool wall installations! Just set your wall on the cart, walk around the pool, and slide the wall in the track!

## Be Smart

THE CART SAVES TIME AND MONEY

Eliminates extra labor on wall set-up and makes wall installations quicker than ever!

## Work Smart

BE SAFE ... NOT SORRY

Never have damaged walls again! The cart delivers pool wall on demand, as you slide it in the track!

Let The Smart Cart Make Your Wall Install Easy As 1-2-3

- 1** Slide The Pool Wall On The Cart
- 2** Pull Cart Backwards & Walk Around Pool
- 3** Slide Wall In The Track As You Walk

## INGROUND POOLS IN STEEL AND ALUMINUM

Looking for Something Different?

Try our new super aluminum panels!

We have taken our aluminum panels and made them even thicker for those customers that like the thickness of steel, but all the great qualities of aluminum.

CHECK THIS OUT!

- 20% thicker than 14 gauge steel
- 62% lighter than 14 gauge steel
- Approximately the same price as steel
- Longer lasting than 14 gauge steel
- Will not rust like steel

Medallion Pools prides itself on being family owned and operated for over 60 years. We offer quality products with fast lead times. Contact your sales representative today to find out more!

# STEEL WALLS, STEPS, BENCHES & ACCESSORIES

At the heart of our business are steel walls, steps and benches, and accessories to create an attractive and durable foundation for a dream pool. Customization is key, and we are happy to work with you and your Customer to achieve the look and functionality desired.

Technology plays an important role in manufacturing pool panels and components. We invest in innovative technology — the kind of technology that enables us to engineer, bend, shape, and build the kind of pool systems that surprise and satisfy your Customers.

CONTEMPORARY POOLS

**INGROUND FIBERGLASS POOLS, MADE IN NORTH AMERICA  
WITH MOVAMAX INJECTION TECHNOLOGY EXCLUSIVE TO MOVA POOLS.**

- MovaMax technology builds the strongest fiberglass pools on the market
- Technology surpasses environmental standards
- Contrasting color steps for added safety
- Superior polyurethane insulation keeps water warmer for longer

Distributed By

# Manufacturing Technologies

Manufactured by Fibre Design, a specialist in designing and manufacturing industrial and composite components, Mova fiberglass swimming pools benefit from their parent company's unique expertise and state-of-the-art facilities. Combining superior quality materials with a unique manufacturing process, as well as the know-how of seasoned engineers and technicians, they exceed industry standards to offer durability, optimal insulation and ultimate comfort.

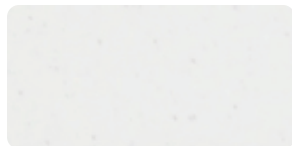

## MOVAMAX Injection Technology Exclusive to Mova Pools

- The strongest fiberglass pools on the market thanks to MovaMax technology
- Our technology is ahead of environmental standards
- Contrasting color steps for added safety
- Superior polyurethane insulation keeps water warmer for longer

## 25-YEAR WARRANTY

Our unique manufacturing process assures superior product quality and durability. Designed with high-end materials from a recognized manufacturer, the hull surpasses high industry standards and is ultra-resistant to cracks and osmosis. It's guaranteed for 25 years. Plus, the sprayed polyurethane under the steps and benches helps prevent air pockets to assure a solid structure.

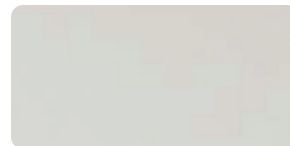

## Standard Colors

SEA FOAM

SAPPHIRE BLUE

WILD WOLF

**FEATURED MODELS in Wild Wolf or Sapphire Blue may incur shorter lead times, call us for details**

Stock colors: Sea Foam, Sapphire Blue and Wild Wolf

Optional Colors are 15% Extra – and require 45 days extra lead time as they are not kept Stock

**Sea Foam** pools have gray textured steps

**Wild Wolf** pools have charcoal gray textured steps

**Sapphire Blue** pools have matching textured steps  
CMP Branded – 1.5" Skimmer, 2 VGB-A compliant side mounted suction, and 3 returns (1 for light) included and installed at factory – Hose/Piping Not Included

1" Urethane Foam Insulation on walls for better heat retention

1" Type 4 High Density Polystyrene Insulation on bottom

Made in Canada - 1" Foam Insulation provides R6-R7 level heat retention – Best In Industry!

Urethane Re-Enforcement on steps and benches for added rigidity and easier installation

Special Vacuum Bagging Process provides Ideal Resin to Fiberglass Ratios and better durability than Chop or Hand Layup Pools – 5 Year Gel Coat and 25 Year Bubbling / Structural Warranty

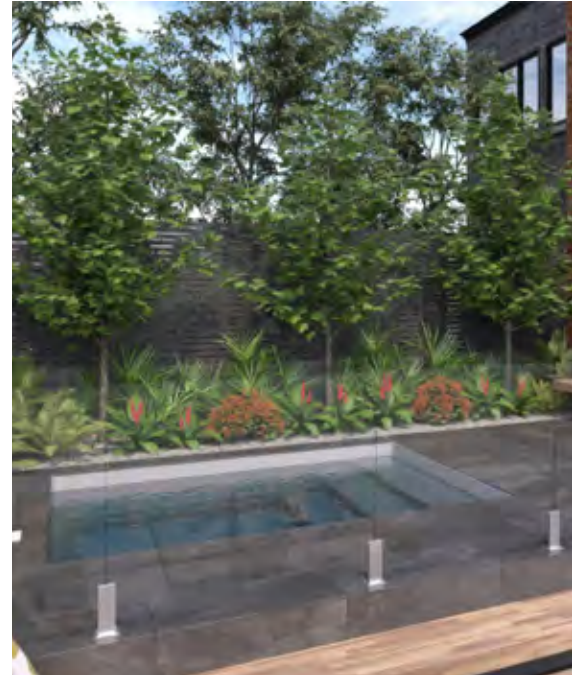

# Technologies

Manufactured by Fibre Design, a specialist in designing and manufacturing industrial and composite components, Mova fiberglass swimming pools benefit from their parent company's unique expertise and state-of-the-art facilities. Combining superior quality materials with a unique manufacturing process, as well as the know-how of seasoned engineers and technicians, they exceed industry standards to offer durability, optimal insulation and ultimate comfort.

MOVAMAX injection technology exclusive to Mova Pools

- The strongest fiberglass pools on the market thanks to MovaMax technology;
- Our technology is ahead of environmental standards;
- Contrasting colour steps for added safety;
- Superior polyurethane insulation keeps water warmer for longer.

## Composite materials reinforced with fiberglass

In order to provide an optimal insulation system, our swimming pools have monohulled structures made of composite materials reinforced with fiberglass and vinyl ester, a material with exceptional properties:

- Resistant to bending and cracking
- Resistant to impacts and temperature changes (freezing and thawing)
- Resistant to stress during installation
- Resistant to penetration of water which causes osmosis

## Superior Quality Insulation Materials

To achieve optimal insulation, Mova swimming pool walls are reinforced with 1.5 inch polyurethane foam as well as type 4 extruded polystyrene to assure a straight bottom.

Polyurethane foam offers several advantages:

- Ideal weather stripping for cutting thermal bridges.
- Fully adheres to the surface of the structure, seeping into the smallest cracks, leaving no air space between the insulation and the walls.
- Highly resistant to mould, will not crush, settle or crumble.
- Does not decompose in the sun – no risk of contaminating the soil.
- Thermal resistance of R-6 to R-7 per inch – the highest on the market and the highest grade of all insulating materials.
- The superior insulation process of high quality materials means you can enjoy your Mova pool from spring to fall without worrying about the cold.

## An Optimized Insulation Application Process

We use a unique process to apply the polyurethane foam. It is actually squirted, which makes it possible to obtain a hull free from joints and, as a result, perfectly watertight. Air can't infiltrate, so heat loss is avoided.

In addition, when applying the insulation, our technicians focus on areas that are often neglected, especially under steps and benches where air pockets tend to form over the years. When the space under the steps is filled, the cold coming from the ground is cut and the structure is reinforced. Designed to last 25 years, our swimming pools are better protected from cracks.

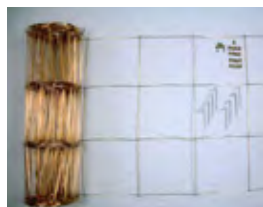

## A High-Gloss, Comfortable and Easy-care Surface Finish

To obtain their smooth, glossy and uniform surface finish, Mova pools are sanded to a mirror finish. On top of providing a pleasant feeling, this ultra-shiny (the brightest on the market!) and non-porous finish is very easy to maintain. Compared to a vinyl liner, there's no risk of being punctured or needing replacement. When compared to concrete, Mova pools need no touch-up paint or re-finishing. Even after 20 years, their original luster remains.

## Safety First

To protect swimmers and stabilize their movements in the water, a non-slip texture is integrated into the pool's monohulled structure during moulding. When finishing, a contrasting colour paint is applied to the steps so they are more visible in the water.

## Space Age Solar Cover

The SunGuard Space Age Solar Cover collects heat from the sun's rays similar to a traditional solar cover, the difference is in the special aluminum underside which reflects lost heat back into the pool.

- Extends The Swimming Pool Season
- Increases Water Temperature
- Cuts Nighttime Heat Loss
- Reduces Evaporation Loss
- Keeps Pool Free of Debris
- 10-Year Warranty for In-Ground Covers
- 5-Year Warranty for Above Ground Covers

**\*WHILE SUPPLIES LAST**

**ADVANCED  
SAFETY COVER SYSTEMS**

Exclusively Distributed By

### **ECONOMESH: 10 year pro-rated warranty**

Standard of the industry grade of economy mesh material. Same fit and quality as higher grade mesh. This material is designed to allow water to pass through for drainage and safety and keeps debris out, making maintenance easy. Available in green/black construction.

### **ENDURAMESH: 10 year pro-rated warranty**

A tighter woven mesh allows water to pass through it while keeping large particles of dirt and debris out of your swimming pool making opening and closing your pool an easy task. Available in green/black construction.

### **EXTREMESH®\* 15 year pro-rated warranty**

A tightly woven mesh that blocks nearly 100% of the sun's rays preventing algae growth. Rain and melting snow pass right through for easy drainage and safety. Durability and strength will protect your family and investment. Available in green/black, tan/black, blue/black and gray/black construction.

### **HEAVY-DUTY SOLID: 10 year pro-rated warranty**

Available with or without mesh drain(s) panels. Cover without mesh drain panels blocks 100% of sunlight and is sold with an automatic pump. To meet ASTM standards, the pump must be used at all times. Available in green, blue, tan and gray.

\* U.S. Patent No. 6,886,187 99% Shade Factor

**IN ACCORDANCE WITH ASTM-F 1346-1991**

## **ALL OF OUR SOLID COVERS OR MESH COVERS**

... gives your pool a blanket of protection and the peace of mind that you have one of the Safest Pool Covers Available. Both the SunGuard Secure Mesh and Solid Safety Pool Covers offer you the features listed below.

## **FEATURES**

- Our Double-Web Strapping that is More Than 50% Stronger Than Single-Web Strapping
- Solid Covers are Made of State-of-the-Art Reinforced Vinyl Material
- Extremesh\* Covers are made of Grade A Polypropylene. The dense mesh weave keeps out sediment and reduces algae growth
- Solid Brass Anchoring System
- Custom Manufacturing
- Order Processed Quickly
- Stainless Steel Springs with Covers

\*U.S. Patent No. 6,886,187-99% shade

**ADVANCED  
SAFETY COVER SYSTEMS**

Exclusively Distributed By

# Because Your Safety Is Our Priority.

Every SunGuard Secure Safety Pool Cover is engineered and designed to be the safest and strongest cover possible. While some of the competitors use a single strap system on their covers, SunGuard Secure Safety Covers are made with double strapping throughout the cover. The double strapping guarantees almost twice the break strength compared to the single strap. With our solid brass anchoring system and stainless steel springs, our goal is to make the safest cover possible. Our covers meet and exceed all ASTM standards, giving your family and your pool the SunGuard Secure Blanket of Protection.

## DOUBLE STRAPPING

Compared to single strapping used by some "other" cover manufacturers, our double strapping is nearly twice as strong. We use double strapping on our entire cover, not just the perimeter edge, which provides you with extra strength and safety.

## STRAP SPACING

Our strap spacing is much closer than some "other" cover manufacturers. With closer spacing you can-not lift the edge of the pool cover to gain access into the swimming pool.

**MADE IN THE USA • CUSTOM SHAPES ARE OUR SPECIALTY.**

## TERMS AND CONDITIONS OF SALE

### Ordering:

To achieve prompt and accurate shipments, please use our catalog item numbers and descriptions whenever possible. When ordering items without the catalog item number, please provide us with sufficient information to allow us to properly identify the products you need and to fill your order correctly. All special orders require a written purchase order faxed or emailed to Hachik Distributors if not ordered on Hachik Dealer Zone. Please use our special order form found in our catalog. Special ordered items are non-returnable.

### Terms:

All new accounts are C.O.D until credit is established. Established accounts will be offered payment terms of Net 30 days. Additional terms of sale, including terms of payment and allowable discounts for each purchase will be specified on the face of each invoice. A service charge of 1-1/2% per month (18% per year), or the maximum allowed by law, will be applied to all past due invoices. Applicant agrees to pay reasonable non-sufficient check charges, including but limited to bank charges, as allowed by law.

### Pricing:

All shipments will be billed at prices in effect at the time of the sale. Prices and products are subject to change without notice.

### Minimum Orders:

The minimum order is \$100 net. Orders less than \$100 will be shipped freight collect along with a \$5 service charge.

### Returns:

To return stock merchandise, please call our customer service department to request return authorization. Drivers will not accept product for return without pickup authorization paperwork. Returned items unrelated to defect or warranty will be subject to a 20% restocking charge if not returned within thirty days. Returned product must be in salable condition in original container and or packaging. Special order product is not subject to return unless specifically approved by the manufacturer. Defective product or warranty returns are subject to manufacturer imposed policies, limitations and requirements. Please view details at [www.hachik.com](http://www.hachik.com) or contact customer service. Hachik reserves the right to refuse return of any defective item due to physical condition, warranty, documentation, technical review or any other reasonable consideration.

### Taxes:

Any Federal or State Excise Tax or Sale Tax for which we are liable on any sale will be charged to and paid for by the buyer. Buyer is responsible for furnishing resale certificate prior to sale.

### Claims:

All shortages must be reported to us within 5 days of the receipt of goods. Claims for damaged merchandise must be filed with delivering carrier and noted on the freight bill before you accept the merchandise.

### Warranty:

All products Hachik Distributors sells carry the manufacturers' warranties and are the sole responsibility of the manufacturer. Hachik Distributors does not express or imply any warranty of any kind. We expressly disclaim liability for any injury, loss or damage arising from the use or inability to use any item sold by us.

### Hazardous Material:

There is an additional charge per package for shipping hazardous material via UPS.

### Right of Ownership:

Ownership of, and title to product, whether or not in the buyer's possession, remain in the name of the seller until fully paid for.
