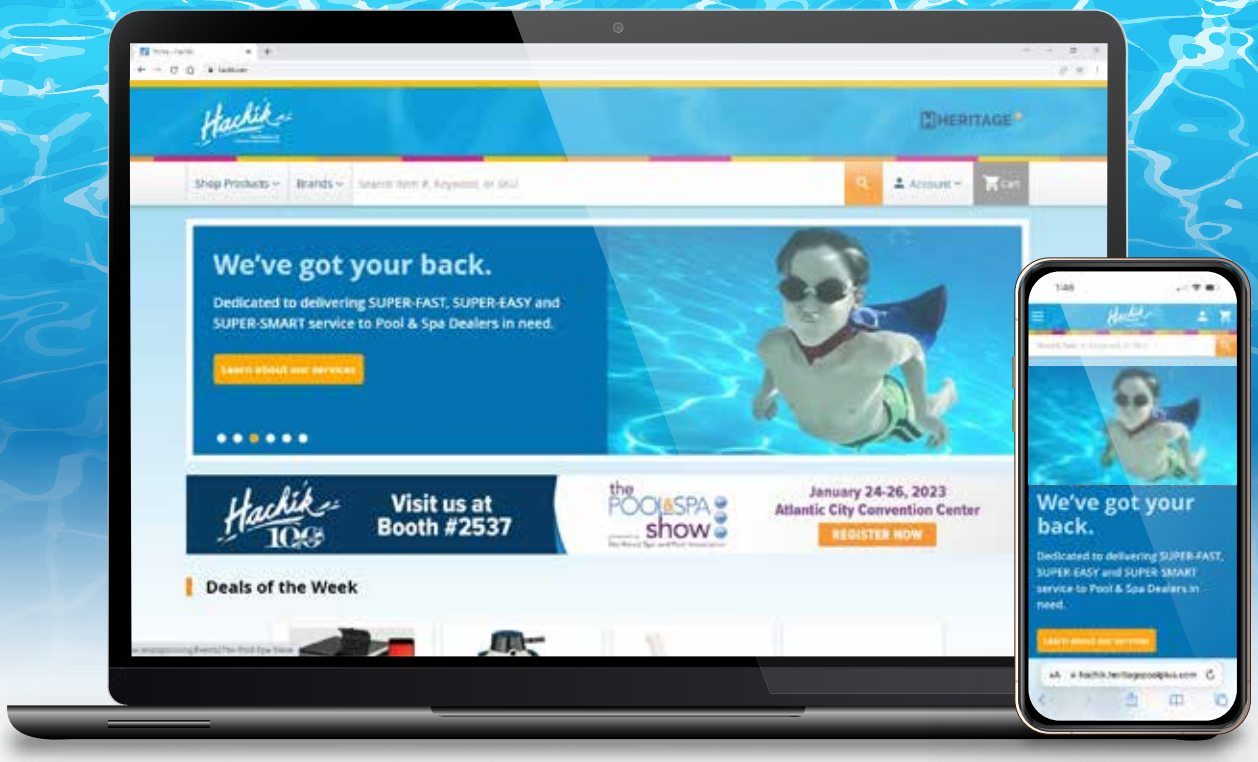
Distributors of Pool and Spa Products
2023 PRODUCT CATALOG



Dive into HERITAGE+

The transition from DealerZone to Heritage+ is complete. First, you might notice it's Mobile-friendly design. This allows access for checking availability, pricing, or placing orders from anywhere, anytime.

Among the many new features is the Designated Administrator (Admin). The Admin will be an agent of your company with the abilities to manage users and their access, controlling what they can see and do within the Heritage+ platform.

FEATURES & BENEFITS

- 24/7 Ordering
- Check Product Availability and Pricing
- View Open and Past Orders
- Updated and easy-to-find item numbers makes ordering a breeze
- Now accepting online payments
- On-demand user management through the Admin

Hachik

100

1923 - 2023

A CENTURY OF UNMATCHED DEPTH OF SERVICE AND SUPPORT

In 1923, Garabed Hachikian developed his own compound for 20% strength sodium hypochlorite and Hachik Bleach Company began selling their bleach to the coin-op laundry market. In the 60's, Garabed and his son, Vahe, identified a new and growing market as swimming pools became more and more commonplace. Together, they were able to pivot and start selling liquid chlorine and algaecides for pool sanitization, while expanding into the distribution of swimming pool and spa products to local retailers.

One hundred years and three generations later, Hachik Distributors hits another milestone. This time celebrating nearly a quarter century under the leadership of Garabed's granddaughter, Nanette Zakian. Nanette started learning her grandfather's business from the ground up in 1980. Officially being handed the reigns in 1986 when her father, Vahe, was diagnosed with cancer. She commanded the company for over 2 decades, seeing tremendous growth with a strong belief in providing exceptional customer service, marketing, and maintaining a family-like environment for customers and employees. As Hachik continues to set new standards for distribution and help dealers do the same for their customers, Nanette is retiring. Please join us in celebrating her retirement and thanking her for delivering Hachik to the front of the pack.

ALL | BUSINESS | LEGACY | DISTRIBUTOR

noun

1. Business that celebrates and preserves the legacy developed for a century
   "Hachik is part of the Heritage Pool Supply Group"
2. Family of the best independent distributors across 22 states that make up the 2nd largest distributor in the Pool & Spa Industry
   "Heritage helps unleash the full potential of family-owned/operated businesses without altering the local identity or heritage of what makes each unique business so successful."
3. Pool & Spa Distributor that centers around the team members, customers and supplier partners
   "Hachik looks forward to providing exceptional service to our customers and serving as a trusted partner to our suppliers with our strong Hachik family and the national strength of Heritage"

Now in 2023, Hachik is still here to help and look forward to the next 100 years as part of the Heritage Pool Supply Group. We will continue to help our dealers grow and make their jobs easier by offering the best products, services, technology, and support. Your business and your confidence in our people, products and services, as always, is deeply appreciated by the entire team at Hachik Distributors.

Thank you,

Robert Lawson, *District Manager*
& The Entire Hachik Team!

It started with a drum of bleach . . . . . .

1923 | Philadelphia

While a lot has changed in the past 100 years, our focus has remained the same.

The way to grow our business is to help you grow yours.

That's why we offer internet protected brands, competitive pricing on thousands of top name products, extensive parts inventory and our customer support team with years of industry experience. It's no wonder that Hachik customers are among the top pool and spa dealers in the region.

Hachik is always ready to help you get the products you need, when you need them. Experience the value, service and solutions you need.

A complete line of maintenance products including brushes, skimmers, vac hoses, vac heads poles, water testing and more.

OUR VALUES

You can tell what kind of company you are working with by its values.

People.
Products, services and technologies can all be copied. Culture, teamwork and our passion for our customers success are what sets up apart.

Accessibility.
We have departments and branches but there are no walls within Hachik. Every individual, resource and expertise is available to all of our customers, all of the time.

Customer Service.
All our actions are focused on exceeding customer expectations. We refuse to waste time on matters that neither create customer value nor build our ability to do so.

Products and Parts.
You are sure to find the right products for your job among the thousands of pool and spa products and parts that we have in inventory from the nations leading manufacturers.

Ideas.
The Hachik Resource Team helps you with inventory selection, computer support and marketing ideas, we even help you with store layout and design.

Evolution.
Through fearless experimentation, creative problem solving, and perpetual learning, we constantly evolve to meet emerging customer needs.

EXCLUSIVE PROGRAMS TAILORED FOR YOU

ENDLESS SUMMER ABOVE GROUND POOLS

As a leading distributor of above ground pools and pool products, we have created a program that makes selling these pools easy.

We offer a collection of unique and dealer exclusive pool designs and liners along with specially designed accessory packages.

OASIS IN-GROUND POOLS

We have taken the stress out of designing in-ground pools. Have direct access to our knowledgeable pool-kit specialist. Pick from our inventory of stock pools or create custom masterpieces.

We will deliver the complete pool package to your jobsite, and you can track the order with ease.

CULATOR, POOL RX AND PRISTIVA

A6750

CULATOR

	PACKING	ITEM#
CuLator PowerPak 1.0 Metal Eliminator & Stain Preventer	Box of 6	A6750

Acts like a sponge to rapidly and permanently remove ionized metals from pool and spa water.
Non-toxic and environmentally friendly.

POOL RX

PoolRx contains a proprietary blend of minerals that continuously and effectively eliminates algae

The specially treated alloy cylinder is packed with the PoolRx mineral formulation

Minerals immediately dissolve out of the cylinder and form a stable residual in the pool water

PoolRx Standard Unit – 7,500 to 20,000 Gallons (Blue)	A3270

Continuously and effectively eliminated algae

Reduces the salt chlorine production needed to keep your pool sanitized

PoolRx Standard Unit – 7,500 to 20,000 Gallons (Blue – 4/Pk)	A3275
PoolRx Extreme Unit – 20,000 to 30,000 Gallons (Black)	A3271

Reduces chemicals and extends life of salt cell

PoolRx Extreme Unit – 20,000 to 30,000 Gallons (Black – 4/Pk)	A3276
SpaRx – 100 to 400 Gallons	A3273

Contains a blend of minerals that eliminates algae

Provide algae free water with less chemicals

A3994

WHILE SUPPLIES LAST

PRISTIVA

	PACKING	ITEM#
Pristiva Salt Pool Opening Kit	Each	A3994

Protects against scale, staining, corrosion and algae

Contains 2lbs of Premium Shock and 2.4lbs of Prime Treats up to 20,000 gallons of water

A7706

Pristiva Acid Enhance	4 x 1 Gal/Cs	A7706

Specifically designed liquid acid specific for salt pools.

Reduces pH & Total Alkalinity.

jack's magic®

www.Jacksmagic.com

Which Jack's Magic® Products to Recommend

For Metal or Organic Staining, Scaling & Discoloration in Pools or Spas:

Always start with the **Stain IDentification Kit™**

The results of the Stain ID Kit will determine if you need to use **Iron, Cobalt & Spot Etching Stuff™, Copper & Scale Stuff™, O2 Safe Shock™,** or a combination

Depending on your situation, you will also need:

Blue Stuff (sequestrant)	- Ideal for known copper issues
Purple Stuff (sequestrant)	- Ideal for salt pools
Magenta Stuff (sequestrant)	- Ideal for start-ups/known calcium issues
Pink Stuff (sequestrant)	- Ideal for known iron issues
Ionizer Stuff (chelator)	- Ideal for Ionizer or mineral systems

For preventing scum line, improving filtration and water clarity:

Super Pacs™ Natural Multi-Enzyme
Vastly superior to any liquid enzyme, just a one ounce Super Pac treats 20,000 gallons for 2 weeks. Available sizes: 2 count -1oz. pacs, 12 count POP display, 60 count pail, 400 count pail.

For Cleaning Above the Waterline: POWER BLUE

Waterline & Tile Cleaner™
For removing black scum line and bathtub rings above the waterline - spray on, wipe off

Scale Off™
For removing calcium scaling above the waterline - spray on, brush off

Cartridge & DE Filter Cleaner
For quickly cleaning and degreasing cartridge & D.E. filters - spray on, rinse off

Jack's "The Step Stuff" Safely and effectively removes the most common stains off steps right before your eyes. Simple two part solution.	12-8 Oz Kits/Cs	A6717

STAIN PREVENTION

Jack's Metal Solution "The Pink Stuff" Helps prevent metal and mineral stains and scale in new pools and aids in removing stains and scale in older pools.	12-32 Oz/Cs	A6700
Jack's Metal Solution "The Blue Stuff" Specifically designed to remove copper stains when used in conjunction with other Jack's Magic products.	12-32 Oz/Cs	A6702
Jack's " The Purple Stuff" Keeps silica in solution while greatly reducing the incidence of cell scaling in salt generators	12-32 Oz/Cs	A6711
Jack's "The Magenta Stuff" Helps remove stains, scale & protects all pool finishes from staining & scaling.	12-32 Oz/Cs	A6709

SPECIALTY PRODUCTS

Jack's After Shock Chlorine Reducer Lowers chlorine levels quickly after shocking or during stain removal without having to drain water.	12-8 Oz/Cs	A6712
Jack's "The Ionizer Stuff" Formulated to prevent copper staining. Helps keep pool water soft and crystal clear	12-32 Oz/Cs	A6710
Jack's Filter Fiber Stuff Used as a safe alternative to DE and enhances filter performance	36 x 9 Oz Bags/Cs	A6713

ENZYMES

Jack's Super Pac Natural Multi-Enzyme Breaks down oils, lotions, make up and other common contaminants	12-2x1 Oz Pks/Cs	A6719

SPECIALTY CLEANER

Power Blue Water Line & Tile Cleaner Removes tough sun-baked, oily black scum lines and water marks	24-8 Oz/Cs	A6736
	12-32 Oz/Cs	A6738
	4-1 Gal/Cs	A6740

TEST KITS

Topical Stain ID Test Kit A topical is nothing more than a test spot to determine which Jack's Magic products are right for your stains.	Each	A6732

EASY CARE™ Since 1978 USA

Pool, Spa and Fountain Premium Care Solutions

We make water and surface protection for swimming pools, spas and fountains EasyCare!

EasyCare® Synertec™ and Enviro-Safe™ technologies are chlorine stable, acid and metal-free, for superior results.

Algatec™
® Synergy Algaecide-Water Clarifier

- Kills green and yellow algae in 4 to 24 hours.
- Eradicates black algae in 7 to 10 days.
- Strong synergy with chlorine.
- Contains no metals, quats and bromide.

Pooltec™
® Algaecide-Clarifier-Chlorine Booster

- Multi-task 3-in-1 Treatment.
- Kills and prevents all algae growths.
- Ultra-clarifies pool water.
- Boosts chlorine effectiveness.
- Easiest way to keep pool water clean.

Beautec™
® Scale-Stain and Salt Cell Controller

- Advanced scale-stain-scum controller.
- Multi-scale control (calcium & hard silicates).
- Removes scale and stain buildup.
- Cleans and protects salt cells.
- Continuous surface cleaner.

Scaletec Plus™
® Surface De-Scaler and Stain Remover

- Dissolves white calcium buildup on all pool surfaces and equipment.
- Removes waterline buildup on tile.
- Removes metal stains.
- Sequesters: iron, copper and manganese.

Startup-tec™
® Proactive Pool Startup Treatment

- Prevents calcium plaster dust formation on pool surfaces.
- Prevents metal staining.
- Improves color consistency.
- Provides easier, faster startups.

Sodium Bisulfate pH Decreaser	50 Lb Bag	A6096
Clean & Pure Pool Salt	40 Lb Bag	D5502
Splash Pool Salt	40 Lb Bag	D5503

To start up a pool with salt:

20,000 gallons – 500 lbs of salt

30,000 gallons – 750 lbs of salt

40,000 gallons – 1000 lbs of salt

One bag of salt will raise the salt level 480 ppm per 10,000 gallons

NEW WATER

SERIES 120 & 400

If you are sold on chlorine water treatments but wish there was an easier way to use chlorine without the smelly odor, heavy buckets, or bleaching problems due to spillage, then you'll want to consider New Water®.

NEW WATER®

A chlorine system consisting of a Cycler and convenient, pre-filled Cycler Pacs that offer the benefit of less chlorine handling and reduced chlorine fumes. The precise metering dial and erosion technology of the Cycler limits chemical exposure to water, which allows for more uniform chlorine output that makes chlorine last longer.

C1296

	PACKING	ITEM#
New Water Above Ground Cycler #120 In-line with 1½" threaded ports for use on pools up to 25,000 gallons. Cannot convert to off-line. Uses Cycler Pac #105C.	1 Each	C1296

CHLORINE 4-in-1 + *SHOCK*

Transitioning customers to liquid chlorine this season? This might mean your customers will have to learn a new maintenance routine in order to keep their pool water clean and clear.

From the need to shock their pool water more frequently to understanding the effects of cyanuric acid, AquaChek's NEW Chlorine 4-in-1 + Shock gives your customers the tools needed to master the balancing act of maintaining their pool.

Dive into HERITAGE+

The transition from DealerZone to Heritage+ is complete. First, you might notice it's Mobile-friendly design. This allows access for checking availability, pricing, or placing orders from anywhere, anytime.

Among the many new features is the Designated Administrator (Admin). The Admin will be an agent of your company with the abilities to manage users and their access, controlling what they can see and do within the Heritage+ platform.

FEATURES & BENEFITS

- 24/7 Ordering
- Check Product Availability and Pricing
- View Open and Past Orders
- Updated and easy-to-find item numbers makes ordering a breeze
- Now accepting online payments
- On-demand user management through the Admin

HAYWARD HIGH RATE SAND FILTER – SIDE MOUNT

Bolted center flange provides extra strength and securely fastens tank top and bottom together. This allows for access to all internal components.

Efficient, multi-lateral underdrain assembly, with 360° slotted, self-cleaning laterals, gives totally balanced flow and backwashing.

Drain pipe assembly gives total draining of filter for winterizing or servicing, without the loss of sand and makes changing the sand easy.

HAYWARD PERFLEX D.E. FILTERS & SYSTEMS

Cleans pools fast – removes even the smallest particles the first time through.

Patented Flex-Tube System efficiently reuses D.E. powder and dirt mixture to form fresh cleaning surfaces.

Exclusive bump handle activates the Flex-Tubes, causing them to instantly purge themselves of dirt and powder.

Easy access clamp assembly on EC40AC & EC50AC.

HAYWARD PRO GRID DE FILTERS

Filter tanks are made from durable glass reinforced co-polymer to meet the demands of the toughest applications and environmental conditions.

Heavy-duty, tamper-proof one piece flange clamp securely fastens tank top and bottom. Allows quick access to all internal components without disturbing piping or connections.

High impact grid elements designed for up-flow filtration and top-down backwashing for maximum efficiency.

SunGuard™

At FILBUR, we deliver a lot more than cartridges.

Strength in partnership, for instance. A strong Hachik / FILBUR partnership means you'll get what you need in a hurry. Plus, cartridges with DirtMaster technology – OEM-specified media, chlorine and salt-resistant endcaps, and the strongest cores in the industry – provide reliability and longer life. That translates directly into bottom line advantages for your business.

Continuous improvement. Continuous collaboration. It's how we create the strength in partnership that accompanies every FILBUR filter and grid we sell.

*WHILE SUPPLIES LAST

Distributed By Hachik Distributors of Pool & Spa Products

BrightLine® FILTER MEDIA PERFECTED.

Engineered for better filtration.

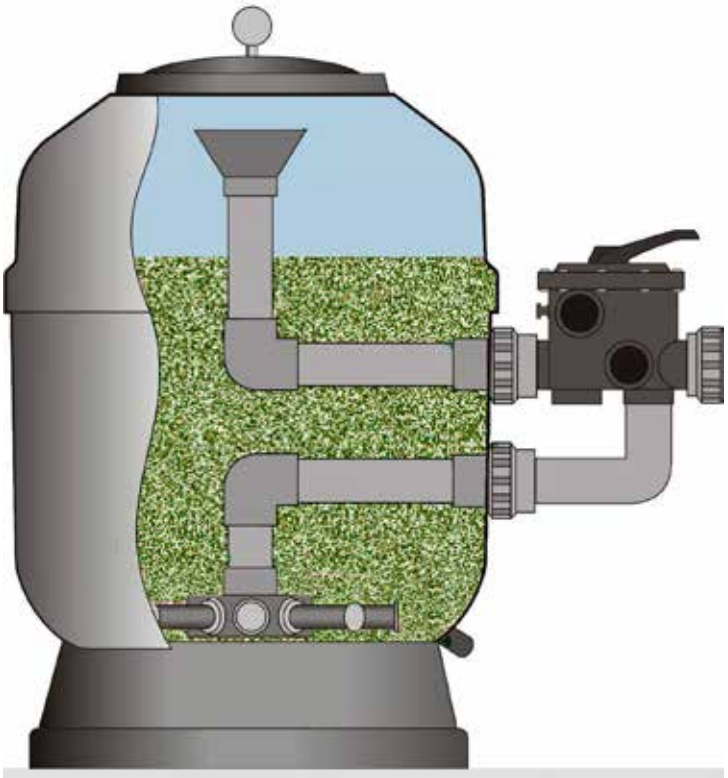
NSF

Certified to NSF/ANSI Standard 50

3x

Can last 3x longer

BrightLine does not break down like sand filter media.



6x

Filters 6x better than sand

BrightLine catches particles as small as 5 microns.

Backwash is quick and efficient

BrightLine doesn't pack or channel, saving water and chemicals wasted in backwashing.

Requires 20% less product

With a lower density, BrightLine fills more space with less material.

100%

100% recycled materials

BrightLine is eco-friendly before you even use it.

THE BENEFITS ARE CLEAR.

EFFICIENCY EVOLVED

VGREEN EVO™ VARIABLE SPEED POOL PUMP MOTOR

THE POWER BEHIND THE PUMP™

VGreen Evo™

- New simplified user interface allows for easier programming with the push of a button.
- Direct drop-in replacement, lightweight, compact motor design with enhanced rotatable wiring compartment for an easy installation.
- Variable speed design reduces noise and allows for quieter operation compared to single-speed motors.

Protection From the Elements

NEPTUNE™

Variable Speed Pool Pump Motor

Distributed By Hachik Distributors of Pool & Spa Products

Both **AQUA-SHIELD PRO® and NEPTUNE™** are designed and constructed to provide your customers additional layers of protection against the elements.

AQUA-SHIELD PRO is built for service professionals like you, with a top-mounted conduit box making installation easy. The totally enclosed fan-cooled (TEFC) aluminum finned design protects the motor from moisture and heat, giving your customers a product with longer service life. AQUA-SHIELD PRO will be available exclusively through pool industry professionals or distributors..

The **NEPTUNE Variable Speed Pool Pump Motor** is a direct replacement motor designed to reduce energy usage associated with a pool pump by up to 80%. There is no longer a need to replace the entire pump to gain energy savings associated with variable speed. The TEFC finned aluminum design helps extend field life by protecting components from moisture and debris. This line of motors is compliant with Title 20 regulations, CEC requirements, and the proposed DOE rule. With an integrated control, simply set the time of day and the default programming will save on utility expenses, keep chemicals balanced, water clear, and keep the filter efficiency maximized.

Cover Pump
810 GPH Manual

- Fully submersible
- Manual on/off
- Energy efficient magnetic drive pump
- Continuous duty 55 watt motor
- Thermoplastic construction
- Thermoplastic impeller
- Built-in adjustable control valve to control flow
- 1" NPT discharge
- 3/4" Garden hose adapter included
- Screen removes easily for cleaning
- Compact, lightweight design is easily portable
- 25' power cord
- 2 year warranty

Cover Pump
2100 GPH Automatic

- Fully submersible
- Automatic on/off
- Internal automatic vertical float switch
- Activates in 1-1/2" of water
- Thermoplastic construction with built-in handles for ease of transport and installation
- Hermetically sealed, oil cooled motor for long pump life
- 1" NPT horizontal discharge
- 3/4" Garden hose adapter included
- Large base design for added stability
- 25' power cord
- 3 year warranty

1/2 HP Main Drain
Submersible Utility Pump 5580 GPH Manual

- Stainless steel construction
- Manual on/off
- 1/2 HP motor
- 25 Foot power cord
- 1-1/4" NPT Top discharge
- 1-1/2" Adapter included
- Stainless steel impeller
- Large intake screen
- Built-in heavy duty handle
- Will fit inside most 8" pool drains
- 1-Year limited warranty

POOL COVER PUMP

FULLY SUBMERSIBLE - AUTOMATIC ON/OFF

THE AQUAGUARD AUTOMATIC POOL COVER PUMP ATTACHES TO A STANDARD GARDEN HOSE TO EASILY REMOVE STANDING WATER FROM POOL COVERS

AG92395 FEATURES

- THERMOPLASTIC CONSTRUCTION WITH 3 BUILT-IN HANDLES FOR EASE OF TRANSPORT AND INSTALLATION
- HERMETICALLY SEALED, OIL COOLED MOTOR FOR LONG PUMP LIFE
- 25' POWER CORD
- 1" NPT HORIZONTAL DISCHARGE
- 3/4" GARDEN HOSE ADAPTER INCLUDED
- LARGE BASE DESIGN FOR ADDED STABILITY
- BOTTOM SCREEN REMOVES EASILY FOR CLEANING
- INTERNAL AUTOMATIC VERTICAL FLOAT SWITCH ACTIVATES IN 1-1/2" WATER
- CLOG RESISTANT IMPELLER
- ENERGY EFFICIENT SPLIT CAPACITOR MOTOR. LOWER AMP DRAW, RUNS COOLER, LASTS LONGER
- ACCEPTABLE FOR INDOOR OR OUTDOOR USE

Flow Through Pool Season.

Take the Hassle Out of Pool and Spa Setup

Upgrade your workflow this pool season with the Intermatic PS3000 Surge Protective Device paired with the PX Series Safety Transformer or COMBOConnect Junction Box Transformer.

The PX100, PX300 and COMBOConnect Junction Box Transformer, are manufactured in an ISO-certified facility that includes more than 40 on-site specialty engineers and offer unique features that help them stand out in a crowded field.

The PS3000 Surge Protective Device serves as a welcome addition to any pool electrical panel and uses state-of-the-art TPMOV surgetechnology to protect all equipment downstream of the connection point.

PEDOC Power Solutions, in partnership with Intermatic, offers a wide variety of sizes, configurations, and colors of power pedestals for small- and large-scale pool and spa projects. In addition to powering pool equipment, you'll find these pedestals charging many types of personal electronic devices, audio sound systems, emergency shut-off switches, as well as holiday and other lighting displays. As the demand for outdoor power increases, PEDOC power pedestals provide an ideal solution to bring stand-alone power to any outdoor location.

AVIA™

ELEVATES DESIGN AND FUNCTION

AVIA is the First and only pool/spa heater with a built-in advanced Wi-Fi enabled control system! No need for a separate control panel to manage your pool heater and pool environment, AVIA does it All.

You can also control your AVIA settings from across the street — or across town — right from your phone. Whether adjusting the pool temperature or checking on other pool functions, it's all possible through your Raymote remote Wi-Fi connection.

- ***4" venting***
- ***Universal water connection location***
- ***2' x 2' base footprint***
- ***140 lbs product weight***

Intelligent Insight

Integrated Wi-Fi
Provides a smart connection for real-time service alerts and control from anywhere.

Smarter Controls

Raymote Temperature and Heater Control
Raymote Mobile App allows you on-the-go control of your pool temperature and so much more.

Self-Protection Technology

ProTek Shield™
Is a cutting-edge module that protects the heat exchanger from corrosion, prolonging the life of the AVIA pool heater.

Take advantage of our Heat/Cool models to extend your pool season, getting more use out of your pool each year, or cooling your pool to an enjoyable temperature on really hot summer days. Available on all Crosswind models and select Classic Series heat pump models.

Enjoy the Perfect Temperature with Ease

The Crosswind pool and spa heater is designed with intelligence, whisper quiet operation and energy efficiency. Crosswind's inverter technology automatically adjusts and controls your pool temperature, to save energy and money.

Classic and Compact Series Pool & Spa Heat Pumps

The Classic and Compact series pool and spa heat pumps deliver reliable performance and provide great energy cost savings.

Dive into HERITAGE+

The transition from DealerZone to Heritage+ is complete. First, you might notice it's Mobile-friendly design. This allows access for checking availability, pricing, or placing orders from anywhere, anytime.

Among the many new features is the Designated Administrator (Admin). The Admin will be an agent of your company with the abilities to manage users and their access, controlling what they can see and do within the Heritage+ platform.

FEATURES & BENEFITS

- 24/7 Ordering
- Check Product Availability and Pricing
- View Open and Past Orders
- Updated and easy-to-find item numbers makes ordering a breeze
- Now accepting online payments
- On-demand user management through the Admin

PENTAIR ELECTRONIC CONTROLS

INTELLICENTER CONTROL SYSTEM

About:

Introducing Intellicenter Control System for Pool and Spa. The Intellicenter features new color touchscreen interfaces at the equipment pad as weel as via an optional indoor control panel and/or optional wireless poolside remote. Its razor sharp screen clarity and step-by-step instructions make operation a cinch. Intellicenter had enchanced voice command capabilities, built-in connectivity for IOS and Android mobile digital devices and can even provide real-time e-mail alerts when an issue requires attention.

Features and Benefits:

- Easy to use, intuitive user interface on touchscreen interfaces with multiple controller options
- Built-in connectivity for IOS and Android mobile digital devices, including the Apple Watch and Amazon Echo
- Controls pools remotely from anywhere in the world, including at home, abroad or at work
- Pumps, Heat Pumps, Chemical Controllers, heaters and more can be controlled by Intellicenter

INTELLICONNECT CONTROL AND MONITORING SYSTEM

V4819

About:

Introducing a product that provides real-time information for added convenience and control of your pool through your smart device. With the right information, every pool can work better, at lower cost and with fewer maintenance issues. The new IntelliConnect Pool Control and Monitoring System gives pool owners the system information they need to take control of their pool from home or around the world.

Features and Benefits:

- Uses a smart connection to interface with the IntelliFlo and IntelliPro Pumps
- Two relays to control and monitor on/off items such as single speed pumps, lighting and more
- Uses any smart device for monitoring and control of your pool
- Monitors up to 4 pool devices including most pumps, IntellChlor and iChlor Sanitzers, Lighting and more
- Easily sets up and schedules automatic operation of connected equipment

THE ATTENDANT

POOLSIDE Tech

Automation that thinks for itself. And pays for itself

Hardware Specification:

- Control of up to 50 variable speed pumps and/or serial connected devices
- Expandable support for up to 8 relay devices
- Support for up to 5 temperature sensors
- Support for up to 5 flow switches
- Support for up to 5 actuators
- Support for up to 5 low voltage relays
- Universal pH and ORP probe connectivity for water quality measurement
- 110v and 230v compatible

Included with The Attendant:

- Onboard touchscreen for local control
- Built in Chemical Monitoring
- Vendor Agnostic Device Control
- Built in wifi connectivity
- Mobile app (iOS and Android) for full experience
- Onboard PIN code for local device safety
- Lockable enclosure
- Expandable for larger system installation

Inside the Box:

- The Attendant Controller (1 unit)
- High voltage relays (Qty 2 included in base unit)

JANDY PRO SERIES NICHELESS LED LIGHTS

Hydrocool technology uses an innovative, energy efficient design to create a cooler running, longer lasting light

Fits in standard 1-1/2" Return fitting

Triple-material, unibody construction design eliminates common leakage failure points

Diffuser lens provides better blending of light

Cool running, single seam design

ECO-CHOICE by SAU-SEA

ECO-CHOICE *ULTRA HIGH GLOSS Epoxy Pool Coatings by Sau-Sea*

ECO-CHOICE — An exceptionally durable, two-part epoxy coating for masonry swimming pools.
With the **self-priming advantage**, there is no confusion or additional cost that can occur with other epoxy primer-based systems.
ECO-CHOICE epoxy pool coatings are time-tested and proven in performance.

- *Maximum Stain Resistance*
- *Easy to Apply, Glides on with Minimal or No "Roller Drag"*
- *Extended Coverage Rate*
- *Virtually Unaffected by Prolonged Submersion*

Ultra High-Gloss Epoxy Pool Coating

Self-priming advantage-No need to purchase or apply additional Epoxy primer coatings. Ultra-high gloss finish; Compatible with any epoxy painted pool; Ultimate stain and chemical resistance; Excellent durability and longevity; Superior UV and chalk resistance; Excels in salt water pool systems; VOC compatible/environmentally friendly ; 300-400 avg. sq. ft. per gallon coverage based on variable surfaces.

Superior Quality

ALSO AVAILABLE by SAU-SEA

• Eco-Choice Premium Ultra High-Gloss Vinyl Pool Coatings • Paint Compatibility Kits
• Express Laboratory Compatibility • Analysis for Repainting • Masonry Repair Products
• Brushes, Rollers, Mixing Buckets, etc. • Safety Abrasive Paint Additive

ECO-CHOICE by SAU-SEA

Natural Rubber Pool Coatings (Not Synthetic)

ECO-CHOICE
Chlorinated Natural Rubber resins OFFER THE HIGHEST DEGREE OF WATERPROOFING AVAILABLE in a thin, highly protective layer.

Protect your pool structure from freeze-thaw damage.

Prevent chlorine water penetration from damaging the paint film itself.

Exceptional Bonding Strength

Fusion Bonding prevents layered coats from forming. Water CAN'T build between coats and cause peeling because each recoat melts into the last one—even after multiple recoats over many years. There is always just ONE layer of paint on the pool—fusion bonding has been the most successful submerged painting system for over 50 years.

✹ *Ultimate in UV Resistance* ✹ *Superior Stain and Chemical Resistance* ✹ *Excels in Saltwater Pool Systems* ✹ *Outstanding Water Resistance*

Ultra High-Gloss Natural Rubber Pool Coating

Made with the very finest quality ingredients available worldwide. Provides one of the very highest gloss finishes available. Epoxy like durability; Single component; non-chalking; Fusion bonding advantage; Self-priming; Compatible with any rubber based paint; Natural chlorinated rubber – not synthetic rubber; Superior stain and chemical resistance; UV resistant; Excels in salt water pool systems; VOC compatible/environmentally friendly; 300-400 avg. sq. foot per gallon coverage based on variable surfaces.

Highest Quality Available

Semi-Gloss Natural Rubber Pool Coating

Durable full gloss finish comparable to many competitors high gloss finishes; this coating provides you with a substantial cost savings per gal. Compatible with any rubber-based paint; Natural Chlorinated rubber – not synthetic rubber; Self-priming; single component-non chalking; UV, Stain, and chemical resistant; Fusion Bonding advantage; Excels in salt water pool systems; VOC compatible/ environmentally friendly ; 300-400 avg. sq. foot per gallon coverage based on variable surfaces.

VULKEM ONE-PART POLYURETHANE SEALANTS

VULKEM SEALANT #45

Vulkem 45 SSL is a one-part moisture curing polyurethane sealant.
Provides exceptional wear and tear resistance required in high traffic areas.
Formulated for use in expansion joints.
At 75°F and 50% R.H., a skin forms within 5 hours.
Maximum depth of any sealant should be ½". For joins ranging from ½ to 1" wide, the sealant depth should be approximately ½" on the joint width.

Vulkem Sealant #45 Qt. Cartridge – Semi Self-Leveling	White	S1005
Vulkem Sealant #45 Qt. Cartridge – Semi Self-Leveling	Gray	S1006

S1005

VULKEM SEALANT #116

Vulkem 116 is a one-part moisture curing, gun grade polyurethane sealant.
Vulkem 116 is durable, flexible, and offers excellent performance in moving joints.
Vulkem 116 does not require a primer on most construction materials.
For joints ¼" to ½" wide, the width to depth ratio should be equal. Joints ½" wide or greater should have a sealant depth of ½". Minimum joint size is ¼" by ¼".
Vulkem 116 is easy to apply with conventional caulking equipment.
Fill joint completely and tool.
At 75°F and 50% R.H. a skin forms within 24 hours.
Curing continues at the rate of 1⁄16" depth per day. The cure rate is reduced at lower temperatures and less humidity.

Vulkem Sealant #116, 10.1 Oz. Cartridge – Gun Grade	White	S1007
Vulkem Sealant #116, 10.1 Oz. Cartridge – Gun Grade	Gray	S1008

S1007

CHEMLINK POLYETHER SEALANTS

Multi-purpose, resilient joint sealant
Ideal for wide range of applications where joint movement requires compression
Effective in damp, dry or cold weather
Solvent free, 100% solids will not shrink
40 Minute Skin Over – Paintable within 24 hours

EM-CRYL 600

Designed for use as an additive for portland cement mixes to improve adhesion and mechanical properties.
Cement mixes prepared with EM-CRYL 600 are suitable for exterior and interior use;
are hard, tough, fast curing; and possess good resistance to most common chemicals.
Use to reduce cracking in cement plaster.

	PACKING	ITEM#
EM-CRYL 600*	4-1 Gal/Cs	S4227

S4266

POOL PATCH

Fast setting, high strength patching and repair mortar that may be used above or below water levels
Can be used in pools, holding tanks, concrete pipe or anywhere concrete repairs are needed

Pool Patch Fast Set Underwater Repair	4 – 10 Lbs/Cs	S4266

S4060

TILE GROUT

Perma Tile Grout is a special blend of Portland cements.
Is suitable for all grouting applications on floors and wall tile.
Will cover 12 to 16 Sq. Ft. per 1 Lb.

Tile Grout	6-5 Lb/Cs.	S4060

S4030

POR-ROK CONCRETE PATCH

Concrete Patch is fast setting, patching mortar designed to repair horizontal, vertical and overhead concrete and masonry surfaces.
Has a working time of 10 to 20 minutes when mixed with water at 70°F.
Will yield approx. 0.4 Cu. Ft per 50 Lb. pail.
Concrete gray when cured.

Por-Rok Concrete Patch	4-10 Lb/Cs.	S4030

S4040

AQUA PLUG

Is a quick setting, hydraulic, cementitious, water stopping grout that provides a tight bonding, dense barrier to permanently seal out active water.
When mixed with clean water, this formula sets in 3 to 5 minutes at 70°F.
To seal all leaks around piping and conduit passing through concrete and masonry walls.
Will yield approx. 0.4 cu.ft. (0.01 cu.m.) per 50 lb pail.
Available in gray only.
1 lb. will fill 17 cu.in., or a crack ¾ x ¾ x 30 inches.

F4042

On July 26, 2010, the US Department of Justice released updated ADA Standards for Accessible Design. Among the updates for a number of facility types were new requirements specifically for public swimming pools. The level of accessibility depends on the size and type of the pool.

For pools under 300 linear feet in size, the ADA Standard for Accessible Design calls for one means of access, which must be either an ADA-compliant lift, or a sloped entry.

Pools with greater than 300 linear feet of pool wall must also have a second means of access. This second means can either be another lift or ramp, or it can also be a transfer wall, a transfer system or pool stairs.

MULTILIFT 2 POOL LIFT

The Multilift 2 is a flange mounted, ADA Compliant pool lift that brings increased performance and flexbility to our best selling flange mount series.

The updated structural design adds field reversible seating and improvements in deck to water level capacity and setback ranges making it even more.

versaitle on a variety of pool decks. Features a rotomolded seat and footrest and LiftOperator Intelligent Controller.

	MODEL	ITEM#
Multi-Lift2*	#580-0000	SSR5800000

PAL2 POOL LIFT

The PAL2 pool lift includes all the great features of our original PAL, with a modernized look and durable matte finish. It is a portable, free-standing pool lift that comes with the PAL Secure-it Kit so that it can be fixed to the deck. Standard features include the LiftOperator Intelligent Control, a 24 volt rechargable battery, waterproof hand control, footrest and seatbelt assembly.

PAL2 Portable Pool Lift*	#202-0000	SSR2020000

SPLASH! LIFT

The Splash! Lift series meets the Americans with Disabilities Act Access Guidelines (ADA/ ABA 2004). In addition to the standard configuration, the Splash! lift is also available in Hi/Lo, Spa, Extended Reach and Splash300 versions. The Splash! lift semi-permanently installs into your pool deck via anchor, and can be easily removed for winter storage. 344° rotation ensures a safe transfer area.

400 pound lifting capacity, except for the Extended Reach, which has a 300 pound lifting capacity.

Semi-permanent installation – easily removable from anchor.

Powered by a 24-volt rechargeable battery.

Powder coated stainless steel and aluminum.

Splash! Lift*	#300-0000	H1185

Make Mine a Merlin!

STANDARD

CALL FOR PRICING

Spa Cover features 4 – 2" tapered 2lb. foam cores that are heat sealed in a 4 mil. vapor wrap. This cover comes with four locking buckles and four handles. The foam core is braced with a galvanized steel channel at the hinge for added strength. Cover has a 3" skirt. Features a two-year limited warranty.

Available in 12 different colors

DELUXE

CALL FOR PRICING

Spa Cover features added strength and durability. The Deluxe cover takes all of the features of the Standard cover and adds a 6 mil. vapor wrap and a fiberglass reinforced strapping on one foot centers. Features a three-year limited warranty.

Available in 12 different colors

MERLIN THERMO-LIGHT

CALL FOR PRICING

Every spa needs a cover to keep in the heat and debris out. This is a light weight spa cover. Can be used for in ground custom spas and self contained spas where you do not want a bulky heavy cover to put on and off. This cover is about 1" thick. It is constructed of the finest marine grade top vinyl and a special formulated inner core made of a special large weave mesh on the bottom to insure it will not hold or absorb water.

Easy to install & remove.

Light weight.

Floats on the water surface.

High insulating factor.

COLORS:

Rust, Light Gray, Charcoal, Almond, Light Blue, Teal, Navy Blue, Hunter Green, Burgundy, Ash, Russet, Black & Chocolate

Refer to Page 252 for the Measuring Ordering Form

COVER VALET

ITEM#

COVER ROCK-IT

S6091

This will fit most spas up to 96".

Installs easily in minutes.

Attaches right to the bottom of wood base on the spa frame.

Color: Dark Gray.

Features 5-year limited manufacturer warranty.

Dive into HERITAGE+

The transition from DealerZone to Heritage+ is complete. First, you might notice it's Mobile-friendly design. This allows access for checking availability, pricing, or placing orders from anywhere, anytime.

Among the many new features is the Designated Administrator (Admin). The Admin will be an agent of your company with the abilities to manage users and their access, controlling what they can see and do within the Heritage+ platform.

FEATURES & BENEFITS

- 24/7 Ordering
- Check Product Availability and Pricing
- View Open and Past Orders
- Updated and easy-to-find item numbers makes ordering a breeze
- Now accepting online payments
- On-demand user management through the Admin

LINE-R-ARMOR LINER PROTECTION SYSTEM

Place Line-R-Armor under vinyl liners to guard them from cuts, punctures and abrasions resulting from rocks, roots, nut grass, and even glass!

Excellent resistance to all acids, alkalis, salts and oils.

Reduces convective heat loss.

Provides smooth, soft floor pad – comfortable to walk on

THE ORIGINAL
SMART CART

The cart designed with YOU in mind!

Since 1999

The Easiest Way to Install Above-Ground Pool Walls!!

Get Smart

LET THE CART DO THE WORK

No more backbreaking above-ground pool wall installations! Just set your wall on the cart, walk around the pool, and slide the wall in the track!

Be Smart

THE CART SAVES TIME AND MONEY

Eliminates extra labor on wall set-up and makes wall installations quicker than ever!

Work Smart

BE SAFE ... NOT SORRY

Never have damaged walls again! The cart delivers pool wall on demand, as you slide it in the track!

TOUGH
16 Gauge Steel Construction

Removable Center Support For Easy Transport

44” Extra Long Handle For Easy Pulling Without Bending Over

18” Swivel Plate For Unrolling Pool Wall

Large Pneumatic Tires For Easy Rolling

Front Skid Plate Allows For Easier Slide Action While Pulling Cart

Let The Smart Cart Make Your Wall Install Easy As 1-2-3

1. Slide The Pool Wall On The Cart
2. Pull Cart Backwards & Walk Around Pool
3. Slide Wall In The Track As You Walk

INGROUND POOLS IN STEEL AND ALUMINUM

Looking for Something Different?

Try our new super aluminum panels!

We have taken our aluminum panels and made them even thicker for those customers that like the thickness of steel, but all the great qualities of aluminum.

CHECK THIS OUT!

- 20% thicker than 14 gauge steel
- 62% lighter than 14 gauge steel
- Approximately the same price as steel
- Longer lasting than 14 gauge steel
- Will not rust like steel

Medallion Pools prides itself on being family owned and operated for over 60 years. We offer quality products with fast lead times. Contact your sales representative today to find out more!

STEEL

WALLS, STEPS, BENCHES & ACCESSORIES

At the heart of our business are steel walls, steps and benches, and accessories to create an attractive and durable foundation for a dream pool. Customization is key, and we are happy to work with you and your Customer to achieve the look and functionality desired.

Technology plays an important role in manufacturing pool panels and components. We invest in innovative technology — the kind of technology that enables us to engineer, bend, shape, and build the kind of pool systems that surprise and satisfy your Customers.

Manufacturing Technologies

Manufactured by Fibre Design, a specialist in designing and manufacturing industrial and composite components, Mova fiberglass swimming pools benefit from their parent company's unique expertise and state-of-the-art facilities. Combining superior quality materials with a unique manufacturing process, as well as the know-how of seasoned engineers and technicians, they exceed industry standards to offer durability, optimal insulation and ultimate comfort.

MOVAMAX Injection Technology Exclusive to Mova Pools

- The strongest fiberglass pools on the market thanks to MovaMax technology
- Our technology is ahead of environmental standards
- Contrasting color steps for added safety
- Superior polyurethane insulation keeps water warmer for longer

25-YEAR WARRANTY

Our unique manufacturing process assures superior product quality and durability. Designed with high-end materials from a recognized manufacturer, the hull surpasses high industry standards and is ultra-resistant to cracks and osmosis. It's guaranteed for 25 years. Plus, the sprayed polyurethane under the steps and benches helps prevent air pockets to assure a solid structure.

Standard Colors

SEA FOAM

SAPPHIRE BLUE

WILD WOLF

MOVA MAX TECHNOLOGY

FEATURED MODELS in Wild Wolf or Sapphire Blue may incur shorter lead times, call us for details

Stock colors: Sea Foam, Sapphire Blue and Wild Wolf

Optional Colors are 15% Extra – and require 45 days extra lead time as they are not kept Stock

MADE IN CANADA

Sea Foam pools have gray textured steps

Wild Wolf pools have charcoal gray textured steps

Sapphire Blue pools have matching textured steps

CMP Branded – 1.5" Skimmer, 2 VGB-A compliant side mounted suctions, and 3 returns (1 for light) included and installed at factory – Hose/Piping Not Included

1" Urethane Foam Insulation on walls for better heat retention

1" Type 4 High Density Polystyrene Insulation on bottom

Made in Canada - 1" Foam Insulation provides R6-R7 level heat retention – Best In Industry!

Urethane Re-Enforcement on steps and benches for added rigidity and easier installation

Special Vacuum Bagging Process provides Ideal Resin to Fiberglass Ratios and better durability than Chop or Hand Layup Pools – 5 Year Gel Coat and 25 Year Bubbling / Structural Warranty

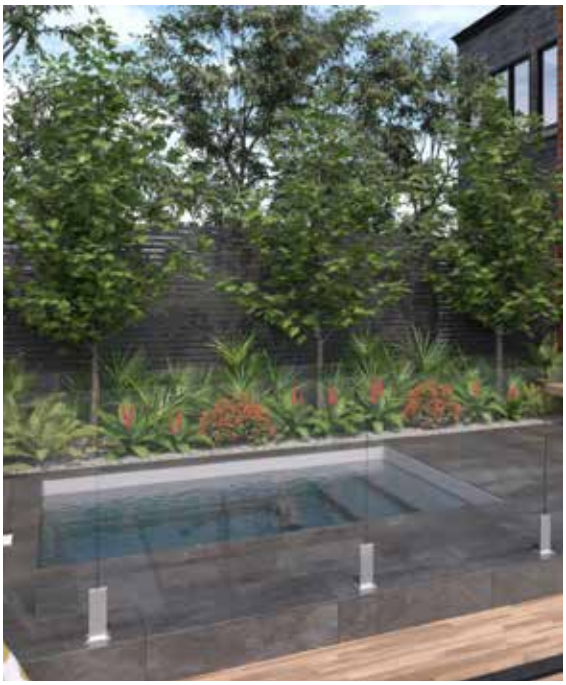
Technologies

Manufactured by Fibre Design, a specialist in designing and manufacturing industrial and composite components, Mova fiberglass swimming pools benefit from their parent company's unique expertise and state-of-the-art facilities. Combining superior quality materials with a unique manufacturing process, as well as the know-how of seasoned engineers and technicians, they exceed industry standards to offer durability, optimal insulation and ultimate comfort.

MOVAMAX injection technology exclusive to Mova Pools

- The strongest fiberglass pools on the market thanks to MovaMax technology;
- Our technology is ahead of environmental standards;
- Contrasting colour steps for added safety;
- Superior polyurethane insulation keeps water warmer for longer.



Composite materials reinforced with fiberglass

In order to provide an optimal insulation system, our swimming pools have monohulled structures made of composite materials reinforced with fiberglass and vinyl ester, a material with exceptional properties:

- Resistant to bending and cracking
- Resistant to impacts and temperature changes (freezing and thawing)
- Resistant to stress during installation
- Resistant to penetration of water which causes osmosis

Hachik
Distributors of
Pool & Spa Products

mova

Superior Quality Insulation Materials

To achieve optimal insulation, Mova swimming pool walls are reinforced with 1.5 inch polyurethane foam as well as type 4 extruded polystyrene to assure a straight bottom.

Polyurethane foam offers several advantages:

- Ideal weather stripping for cutting thermal bridges.
- Fully adheres to the surface of the structure, seeping into the smallest cracks, leaving no air space between the insulation and the walls.
- Highly resistant to mould, will not crush, settle or crumble.
- Does not decompose in the sun – no risk of contaminating the soil.
- Thermal resistance of R-6 to R-7 per inch – the highest on the market and the highest grade of all insulating materials.
- The superior insulation process of high quality materials means you can enjoy your Mova pool from spring to fall without worrying about the cold.

An Optimized Insulation Application Process

We use a unique process to apply the polyurethane foam. It is actually squirted, which makes it possible to obtain a hull free from joints and, as a result, perfectly watertight. Air can't infiltrate, so heat loss is avoided.

In addition, when applying the insulation, our technicians focus on areas that are often neglected, especially under steps and benches where air pockets tend to form over the years. When the space under the steps is filled, the cold coming from the ground is cut and the structure is reinforced. Designed to last 25 years, our swimming pools are better protected from cracks.

A High-Gloss, Comfortable and Easy-care Surface Finish

To obtain their smooth, glossy and uniform surface finish, Mova pools are sanded to a mirror finish. On top of providing a pleasant feeling, this ultra-shiny (the brightest on the market!) and non-porous finish is very easy to maintain. Compared to a vinyl liner, there's no risk of being punctured or needing replacement. When compared to concrete, Mova pools need no touch-up paint or re-finishing. Even after 20 years, their original luster remains.

Safety First

To protect swimmers and stabilize their movements in the water, a non-slip texture is integrated into the pool's monohulled structure during moulding. When finishing, a contrasting colour paint is applied to the steps so they are more visible in the water.

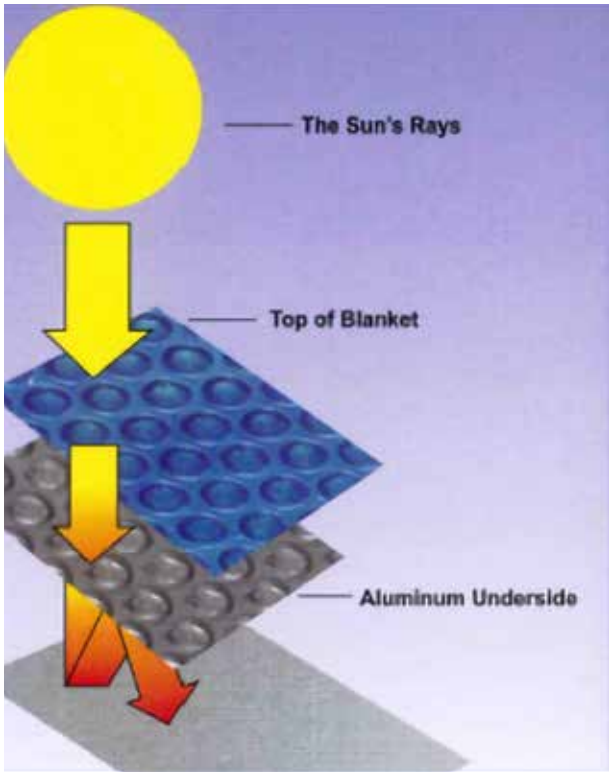
SunGuard™

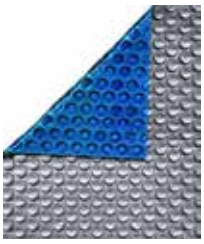
Space Age Solar Cover



The SunGuard Space Age Solar Cover collects heat from the sun's rays similar to a traditional solar cover, the difference is in the special aluminum underside which reflects lost heat back into the pool.

- Extends The Swimming Pool Season
- Increases Water Temperature
- Cuts Nighttime Heat Loss
- Reduces Evaporation Loss
- Keeps Pool Free of Debris
- 10-Year Warranty for In-Ground Covers
- 5-Year Warranty for Above Ground Covers

SUNGUARD SOLAR COVERS



- Extend Pool Season
- Cuts Nighttime Heat Loss
- Reduces Evaporation Loss
- Keeps Pool Free of Debris
- Increases Water Temperature
- Reduces Chemical Consumption
- 10-Year Warranty on InGround
- 5-Year Warranty on Above Ground

Custom Sizes:

Above Ground:
$0.36 per sq.ft.

InGround:
$0.46 per sq.ft.

Dive into HERITAGE+

The transition from DealerZone to Heritage+ is complete. First, you might notice it's Mobile-friendly design. This allows access for checking availability, pricing, or placing orders from anywhere, anytime.

Among the many new features is the Designated Administrator (Admin). The Admin will be an agent of your company with the abilities to manage users and their access, controlling what they can see and do within the Heritage+ platform.

FEATURES & BENEFITS

- 24/7 Ordering
- Check Product Availability and Pricing
- View Open and Past Orders
- Updated and easy-to-find item numbers makes ordering a breeze
- Now accepting online payments
- On-demand user management through the Admin

When your customers deserve the best pool liners and safety covers in the industry think Dover Vinyl & Aqua-Brella™.

Pool Liners

Wide selection of liner designs all made from virgin vinyl and custom cut by our advanced computer cutting machines to ensure a perfect fit. No pool to complicated.

Aqua-Brella™ Safety Pool Covers

Distributed By Hachik Distributors of Pool & Spa Products

Enduramesh **Light-Weight Solid**
Extremesh®* **Heavy-Duty Solid**

Extremesh®* and Heavy-Duty Solid are available in these colors:

GREEN BLUE TAN and GRAY

IN ACCORDANCE WITH ASTM-F 1346-1991
* U.S. Patent No. 6,886,187 99% Shade Factor

All covers are double strapped throughout the entire cover, both bottom and top. Heavy duty springs are standard.

Safety is our priority.

SunGuard™ Secure

ADVANCED SAFETY COVER SYSTEMS

Exclusively Distributed By Hachik Distributors of Pool & Spa Products

ECONOMESH: 10 year pro-rated warranty

Standard of the industry grade of economy mesh material. Same fit and quality as higher grade mesh. This material is designed to allow water to pass through for drainage and safety and keeps debris out, making maintenance easy. Available in green/black construction.

ENDURAMESH: 10 year pro-rated warranty

A tighter woven mesh allows water to pass through it while keeping large particles of dirt and debris out of your swimming pool making opening and closing your pool an easy task. Available in green/black construction.

EXTREMESH®* 15 year pro-rated warranty

A tightly woven mesh that blocks nearly 100% of the suns rays preventing algae growth. Rain and melting snow pass right through for easy drainage and safety. Durability and strength will protect your family and investment. Available in green/black, tan/black, blue/black and gray/black construction.

HEAVY-DUTY SOLID: 10 year pro-rated warranty

Available with or without mesh drain(s) panels. Cover without mesh drain panels blocks 100% of sunlight and is sold with an automatic pump. To meet ASTM standards, the pump must be used at all times. Available in green, blue, tan and gray.

* U.S. Patent No. 6,886,187 99% Shade Factor

IN ACCORDANCE WITH ASTM-F 1346-1991

ALL OF OUR SOLID COVERS OR MESH COVERS

. . . gives your pool a blanket of protection and the peace of mind that you have one of the Safest Pool Covers Available. Both the SunGuard Secure Mesh and Solid Safety Pool Covers offer you the features listed below.

FEATURES

- Our Double-Web Strapping that is More Than 50%Stronger Than Single-Web Strapping
- Solid Covers are Made of State-of-the-Art Reinforced Vinyl Material
- Extremesh* Covers are made of Grade A Polypropylene. The dense mesh weave keeps out sediment and reduces algae growth
- Solid Brass Anchoring System
- Custom Manufacturing
- Order Processed Quickly
- Stainless Steel Springs with Covers

*U.S. Patent No. 6,886,187-99% shade

SunGuard™ Secure

ADVANCED
SAFETY COVER SYSTEMS

Exclusively Distributed By
Hachik
Distributors of
Pool & Spa Products

Because Your Safety Is Our Priority.

Every SunGuard Secure Safety Pool Cover is engineered and designed to be the safest and strongest cover possible. While some of the competitors use a single strap system on their covers, SunGuard Secure Safety Covers are made with double strapping throughout the cover. The double strapping guarantees almost twice the break strength compared to the single strap. With our solid brass anchoring system and stainless steel springs, our goal is to make the safest cover possible. Our covers meet and exceed all ASTM standards, giving your family and your pool the SunGuard Secure Blanket of Protection.

DOUBLE STRAPPING

Compared to single strapping used by some "other" cover manufacturers, our double strapping is nearly twice as strong. We use double strapping on our entire cover, not just the perimeter edge, which provides you with extra strength and safety.

STRAP SPACING

Our strap spacing is much closer than some "other" cover manufacturers. With closer spacing you can-not lift the edge of the pool cover to gain access into the swimming pool.

MADE IN THE USA • CUSTOM SHAPES ARE OUR SPECIALTY.

Dive into HERITAGE+

The transition from DealerZone to Heritage+ is complete. First, you might notice it's Mobile-friendly design. This allows access for checking availability, pricing, or placing orders from anywhere, anytime.

Among the many new features is the Designated Administrator (Admin). The Admin will be an agent of your company with the abilities to manage users and their access, controlling what they can see and do within the Heritage+ platform.

FEATURES & BENEFITS

- 24/7 Ordering
- Check Product Availability and Pricing
- View Open and Past Orders
- Updated and easy-to-find item numbers makes ordering a breeze
- Now accepting online payments
- On-demand user management through the Admin

TERMS AND CONDITIONS OF SALE

Ordering:
To achieve prompt and accurate shipments, please use our catalog item numbers and descriptions whenever possible. When ordering items without the catalog item number, please provide us with sufficient information to allow us to properly identify the products you need and to fill your order correctly. All special orders require a written purchase order faxed or emailed to Hachik Distributors if not ordered on Hachik Dealer Zone. Please use our special order form found in our catalog. Special ordered items are non-returnable.

Terms:
All new accounts are C.O.D until credit is established. Established accounts will be offered payment terms of Net 30 days. Additional terms of sale, including terms of payment and allowable discounts for each purchase will be specified on the face of each invoice. A service charge of 1-1/2% per month (18% per year), or the maximum allowed by law, will be applied to all past due invoices. Applicant agrees to pay reasonable non-sufficient check charges, including but limited to bank charges, as allowed by law.

Pricing:
All shipments will be billed at prices in effect at the time of the sale. Prices and products are subject to change without notice.

Minimum Orders:
The minimum order is $100 net. Orders less than $100 will be shipped freight collect along with a $5 service charge.

Returns:
To return stock merchandise, please call our customer service department to request return authorization. Drivers will not accept product for return without pickup authorization paperwork. Returned items unrelated to defect or warranty will be subject to a 20% restocking charge if not returned within thirty days. Returned product must be in salable condition in original container and or packaging. Special order product is not subject to return unless specifically approved by the manufacturer. Defective product or warranty returns are subject to manufacturer imposed policies, limitations and requirements. Please view details at www.hachik.com or contact customer service. Hachik reserves the right to refuse return of any defective item due to physical condition, warranty, documentation, technical review or any other reasonable consideration.

Taxes:
Any Federal or State Excise Tax or Sale Tax for which we are liable on any sale will be charged to and paid for by the buyer. Buyer is responsible for furnishing resale certificate prior to sale.

Claims:
All shortages must be reported to us within 5 days of the receipt of goods. Claims for damaged merchandise must be filed with delivering carrier and noted on the freight bill before you accept the merchandise.

Warranty:
All products Hachik Distributors sells carry the manufacturers' warranties and are the sole responsibility of the manufacturer. Hachik Distributors does not express or imply any warranty of any kind. We expressly disclaim liability for any injury, loss or damage arising from the use or inability to use any item sold by us.

Hazardous Material:
There is an additional charge per package for shipping hazardous material via UPS.

Right of Ownership:
Ownership of, and title to product, whether or not in the buyer's possession, remain in the name of the seller until fully paid for.
